foreword

Once again the Officers, Board of Directors, Advisory Council and Members of the Arizona National Livestock Show welcome you wholeheartedly. This is our Tenth Annual Show. We feel it will prove interesting and we hope your visit will be most enjoyable.

The growth of the Arizona National Livestock Show has been extremely gratifying. It has gained national prominence and we have exhibitors of top quality cattle from throughout the nation. We are attempting, even with this growth, to maintain the informality and southwestern hospitality which is extended to all our visitors. We are proud of our future cattlemen, who are now our 4H and Future Farmer exhibitors. They are a credit to our show and the increase in their entries proves their confidence in the Arizona National; and further, they are well prepared, as shown by the top quality cattle they exhibit, to lead our industry in the future.

We want you to enjoy your visit to the Arizona National and we are here to be of any service to you we can, so please feel free to call upon us. We trust your visit to our show will give you sufficient pleasure to merit your return in future years, and we will do our part to make it as enjoyable as possible.

Sincerely,

Sterling Hebbard, President

Confidence

IS AN IMPORTANT PART OF BUSINESS

You can
put your
confidence in
the breed
... and
the breed
publication
... for best
results!

Confidence is that "certain something" called trust, faith, reliance, belief and it is an important part of the Hereford and Polled Hereford business. Just as confidence is a part of the breed, so is The American Hereford Journal, the breed publication.

The Hereford Journal has been serving Hereford breeders (both Horned and Polled) for more than 46 years. That it has been published continuously for so many years indicates the service it renders breeders who use it.

Just as the breed publication builds confidence, you can build confidence and customer interest in your cattle by advertising in The Hereford Journal. For best results, put your confidence in Herefords and in The Hereford Journal. They'll BOTH get the job done for you!

Published on the first and fifteenth of each month.

IN ARIZONA AN ARIZONA STAR FEED FOR EVERY NEED

Arizona Star Range Booster for range feeding and Arizona Star Beef Booster for pen feeding are the Blue Star feeds ordinarily considered by beef producers. However, practically every Star Feed can be used profitably by any rancher.

Make the Arizona Flour Mills your headquarters for all feed needs. Besides poultry and dairy feeds, Arizona Star Horse Feed is properly balanced for developing growing stock to their maximum. Brood mares need it too.

Arizona Star Dog Food is used by Arizona ranchers and farmers because of its ease in feeding. Simply open the sack where the dog can find it.

Arizona Star Mineral Booster is a standard supplement for many ranches and feed lots.

So for feed and seed needs of any nature, get in touch with the nearest branch or dealer in Arizona Star products.

FENCES

Fences come in a variety of sizes. Low ones, high ones, and any length you want.

They are used for many purposes. Mainly, to separate things.

We believe in fences. In our own way, we've been building them since the 90's. Our escrow service and title insurance help to separate property rights, keep things orderly.

Fences are fine for real estate. Cattle, too. But some things cannot be fenced. There are no boundaries in the great fraternity of cattlemen.

Friendship is an open range forever.

WE ARE BREEDING
TOWARDS PERFECTION
IN OUR
**ANGUS AND
BRANGUS**

THIS IS A PROVEN FACT

Advantages of Brangus Cattle

Brangus are polled, black in color, excellent marbled red meat. They retain the sweat glands and thus withstand heat better, are resistant to flies, ticks, pink eye, and other common cattle troubles, are good foragers and rustlers, mature quicker, thus heavier weaning weights.

The ultimate objective of any breeding program is BEEF ON THE TABLE, we have had this proof time and again. Many times YVCC Brangus cattle have topped the L. A. Market. Last year a carload lot was Reserve Grand Champions at the Cow Palace.

FEEDER STEER DIVISION

The commercial cattleman is provided with the opportunity of competitive comparison by exhibiting at the Arizona National.

Here he learns what is lacking in his breeding program to bring the best to the buying public. Quality is the all important factor and by exhibiting against his fellow breeder he can determine what quality really is.

SPECIAL RULES

1. There will be pens of five, only. These steers to be exhibited under one brand and by the breeder of the calves. Calves are not to be placed on supplemental feed before October 1st, 1957.
2. Each exhibitor is limited to two entries in each class.
3. Judges shall be instructed to discriminate against feeder calves which, in their opinion, are too fat to be profitable in the feedlots. The decision of the judge is to be made on the same basis as the cattle buyer would judge calves in purchasing them for feedlot purposes.
4. No unmerchantable cattle may be entered in feeder classes.
5. Steers to be weighed for classification just prior to judging.
6. All feeder calf class entries must be sold through the Auction Ring.
7. Steers are to be weighed straight across immediately after being sold with no shrink.
8. There must be at least two first place winners in the following classes for an exhibitor to be eligible for the Championship.

HEREFORDS

The American Hereford Association, Hereford Drive, Kansas City, Missouri, pays one-half of all premiums offered in the following feeder steer classes.

Combining The Best genes of four major breeds, Barzonas are "tailor made" for the Intermountain area.

Since 1947 every bull and every heifer has been tested and selected for Profitable Beef Production under range and feedlot conditions. Most Barzona Bulls are sold for use in commercial Hereford herds.

Selection Points Have Been:—Regularity of production; Heavy weaner at 6 to 7 months; Ability to gain profitably; Rangeability in rough country; Adaptability to varying range, pasture and feedlot conditions; Superior feed utilization; Ability to grade on the hook. Drouth has proven the value of Barzona selection.

We also have Santa Gertrudis adapted to this environment but our main herd is Barzona.

TRANSPORTATION

Nearest and most convenient rail unloading facilities are on Santa Fe tracks one block from the Show Grounds. Shipments routed into Phoenix on the Santa Fe may be unloaded at that location without additional switching charges.
