Welcome

This is the 16th Annual Arizona National Livestock Show. Once again it has grown in size and the number of events. For the first time in the history of the Show, we have incorporated a Horse Division.

Our steady growth has gained for us National prominence and we can now boast exhibitors of top quality cattle and horses from Coast to Coast and Border to Border. Even with this growth, we are attempting to maintain our air of informality and Southwestern hospitality which we extend to all who visit our Show.

We invite you to visit and see all phases of this sixteenth Arizona National Livestock Show. Almost all types, classes and phases of the livestock industry are represented.

It is the sincere wish of all of us connected with the Show that you enjoy yourself during your visit. We extend to you a warm and sincere welcome. If there is any way we can make your visit more enjoyable or meaningful, please call on any of us.

Sincerely yours,

B. P. Cardon, President

Kennecott's Corner

WHERE TWO C's RUN TOGETHER

They used to say that Arizona was built by four C's, or was it five? Well, no matter; two of them were Cattle and Copper — and still are. It sounds like an unusual team to be yoked together, but they've worked out pretty well. We go on trying to get more copper out of unpromising low-grade ore. You go ahead trying to put more beef on four feet than anybody dreamed was possible. One of these days, we'll have to get together and count the ways cattle and copper help each other. Meantime, let the Ray Mines Division of Kennecott Copper hang a blue ribbon on the whole livestock industry!

THERE'S A "BEST OF FEED," TOO...

Just as it takes an abundance of good characteristics to result in a "Best of Breed" in the show ring, the outstanding quality of Red Star Cattle Feeds is that it makes them "Champions" on the range and in the feed lot.

Red Star Cattle Feeds are formulated by men with years of experience in feed-mixing. Only the finest ingredients are used. Vitamins, minerals, proteins are scientifically balanced in Red Star Feeds to give your cattle all the nutrients they need for rapid growth. And Red Star Cattle Feeds are highly palatable.

Not all cattle can be champions . . . but they can eat and grow big like champions. Put your little cattle on Red Star Feeds for increased growth and greater profits.

Everyone's a Winner...

when you're lucky enough to live in Arizona and especially the Salt River Valley:

Where low-cost water irrigates fertile desert land which produces some of the country's best and largest crops.

Where year round forage crops fatten the finest cattle.

It's a nice place to live, the Salt River Project, the foundation of the Valley's economy. You bet we're a part of it and we're proud of it — and its fine people.

LIGHT WHEN and WHERE IT'S NEEDED MOST!

When the sun goes down, the light goes on. A photoelectric cell does the trick. It switches the light on at dusk, off at dawn — even if you're nowhere near the place. A powerful mercury vapor lamp protects your stock, machinery and buildings against intruders. Nighttime work, when necessary, is easier, safer.

Public Service installs the lighting unit. Public Service takes care of all maintenance. You pay only \$4 a month the first year, \$3.50 a month after that. No installation charge if existing poles can be used.

Call the nearest Arizona Public Service office for complete details on Dusk-to-Dawn Lighting for your place.
