GOVERNOR

OFFICE OF THE GOVERNOR
STATE HOUSE
PHOENIX, ARIZONA 85007

IN REPLY
REFER TO:

Welcome:

It is a pleasure and an honor for me, as Governor to officially welcome you to this 30th edition of the Arizona National Livestock Show.

I salute and commend the show and its organizers, producers, participants and supporters for their devotion and labor in honoring the finest of our livestock industry. It is one of the outstanding livestock shows in the nation.

It is fitting that the show should be a prestigious one, for the livestock industry historically has played a major role in our state's economy. The show is a tribute and offers deserved recognition to those who have contributed so much to this important part of our everyday lives.

Arizona's livestock industry is representative of the vitality and free enterprise that has made America the most bountiful producer in the world. It has survived despite adversities and it has flourished in normal times.

The Arizona National Livestock Show is more than a showcase, it is a compliment to the people in the livestock industry. It is a salute to their intelligence, their industry and diligence.

May this be the most successful of all Shows!

Sincerely,

Raul H. Castro

Howdy:

It is my honor to welcome you to the 30th annual Arizona National Livestock Show. Many of you have grown up with the Arizona National and have seen the tremendous changes that have taken place. For instance, cattle numbers have grown from 449 head in 1948 to over 1,400 in 1977, plus over 700 horses and 100 lambs.

In 1978 we will be adding a Polled Hereford Show and are proud to have an S.O.P. rating on the first separate Polled Show ever held in Arizona. We are also pleased to welcome back the Junior Lamb Division that met with such success in 1977.

Of course everyone marveled at "Big Bud" and the other displays during the Arizona Agricultural Trade Fair (Arizona Ag-Fair) last year. In 1978 the Ag-Fair promises to become the Southwest's largest agricultural equipment show.

Did you know that, as an exhibitor, if you are headed back to school in Arizona, you might be eligible for an ANLS scholarship? This is another facet of the Arizona National just being established. Check with us during the Show for details.

We are looking forward to a great Show in 1978; thank you for being with us again.

Sincerely,

James M. Webb

Brangus

JOURNAL

Official Publication of International Brangus Breeders Association, Inc.

MARCH 1977

Brangus cattle possess the unexcelled combination of Brahman hardiness and Angus quality that makes them the number one American breed. Their many practical advantages such as heavier weaning weights on limited forage; resistance to insects, diseases and climatic changes; elimination of sunburned teats and sore eyes due to their black color; and naturally polled heads keep Brangus popular and selling high. In short...Brangus make profit.

If you want to find out more about the breed or merchandise your own Brangus cattle, subscribe today to the Brangus Journal. A year's subscription is \$3.00.

HEALTH REQUIREMENTS ARIZONA STATE VETERINARIAN

1688 W. Adams Street
Phoenix, AZ 85007
(602) 271-4293

Notice

1. All animals will be inspected upon arrival at the Fairgrounds **before** entering the barn area.
2. The veterinarian in charge reserves the right to require **retests** after entries are on the grounds or to order removal from the grounds of any animals not meeting health requirements.

Out of State Entries

3. Exhibitors must have a permit to enter the State. You may obtain the permit from the State Veterinarian at the above address. This permit is not to be confused with the veterinarian's health certificate.

A. Brucellosis: Modified, Certified and Non-Certified Areas - All cattle over six months old, unless officially vaccinated when calves, must have a negative Brucellosis test made within 30 days in a State or Federal laboratory. All animals over 20 months old and which were officially vaccinated when calves, must have a negative Brucellosis test made within 30 days in a State or Federal laboratory.

Certified Herds - No Brucellosis test is required.

Due to the spread of Brucellosis in Arizona cattle being traced so frequently to cattle imports, it is the decision of the State Veterinarian of Arizona that all dairy and beef breeding cattle entering the State from:

California	New Mexico
Colorado	Utah
Idaho	All modified-certified Brucellosis free states

1. Shall be required to pass a negative Brucellosis test **within** 30 days prior to entry into Arizona.
 2. Shall be under quarantine and be held segregated from all other cattle until retested 30 to 60 days after arrival at owner's expense and found negative. **(This does not apply to Arizona National Show Cattle.)**
 3. Shall enter under **permit** from the Office of State Veterinarian. Call (602) 271-4293 during office hours. Odd hours call (602) 959-1058, 723-3521 or 959-2349.
 4. Brucellosis testing does not apply to certified herds or steers.
- B. Tuberculosis:** Animals must be negative to tuberculin tests not more than 90 days prior to entry. Steers are excepted from this ruling.
- C. Scabies:** A thorough examination of each animal for all types of scabies, and a statement on the face of the veterinarian's health certificate that such examination has been made and was negative, is required on cattle originating outside Arizona.

Cattle arriving at the Fairgrounds will be unloaded into holding

pens and re-examined for scabies by Livestock Sanitary Board Officials before being moved to barn areas.

USDA Regulations concerning scabies stipulate that:

1. Cattle being shipped interstate must be shipped within 10 days after they are inspected.
2. When cattle are moved from infested or exposed premises, all vehicles or other means of conveyance and bills of lading must carry the notation - "cattle exposed to scabies."
3. Cattle may be certified for interstate shipment only when they have been dipped according to the directions for the permitted pesticide used.

D. Livestock Sanitary Board importation requirements:

1. All cattle consigned to Arizona for feeding, breeding, show or any purpose, from Western Oklahoma (including all the area lying west of an imaginary line originating at the Kansas State line and the northwest corner of Alfalfa County, Oklahoma, extended south to the Texas line to a point at the southwest corner of Cotton County, Oklahoma), New Mexico, West Texas (that area of Texas located west and/or north of the line drawn on the eastern and/or southern edge of the following counties: Lipscomb, Hemphill, Wheeler, Collingsworth, Childress, Hardeman, Wilbarger, Baylor, Throckmorton, Shackelford, Callahan, Coleman, McCulloch, Menard, Sutton, Crockett, Terrell, Brewster, Presidio, Jeff Davis, Hudspeth and El Paso) or from any county in any state where scabies is known to exist, must be officially treated for scabies within 10 days prior to entering Arizona and be accompanied by an official dipping certification.

Exception:

- a. Cattle consigned to a state or federally inspected slaughtering establishment for immediate slaughter.
- b. Cattle under quarantine for scabies may not enter except by special permission and under seal to slaughter as a. above.

In State Entries

4. A. **Brucellosis:** No requirements.

B. **Tuberculosis:** Animals must be negative to tuberculin tests not more than 90 days prior to entry. Steers are excepted from this ruling.

C. **Scabies:** A thorough examination of each animal for all types of scabies, and a statement on the face of the veterinarian's health certificate that such examination has been made and was negative, is required on cattle originating in Arizona.

Cattle arriving at the Fairgrounds will be unloaded into holding pens and re-examined before moving to the barn areas.

Spraying Fee

5. If spraying is required by the State Veterinarian, exhibitor will be charged a \$2.50 per head spraying fee, payable to the Arizona National.

Quarantined Herds

6. **No animal from any herd under quarantine or suspension for any infectious, communicable or contagious disease will be allowed entry.**

Health Certificates

7. A veterinarian's health certificate must accompany **all** animals. The certificate for slaughter steers should have a statement as to the history of DES feeding and antibiotic withdrawal dates.

USDA Wholesome Meat Act

8. The USDA Wholesome Meat Act applies to **ALL** slaughter animals at this Show. The Act requires the following:

- A. Antibiotics and Sulfonamides have required withdrawal periods.
- B. Drug label directions must be followed.
- C. If drug or chemical residues are found in carcass tissue, the entire carcass may be condemned and the exhibitor will forfeit premium monies and any sale proceeds.

OPEN SHOW ANGUS

Premium paid by the Arizona National Livestock Show	\$ 6,534
Premium paid by the American Angus Association	\$ 4,356
Added Arizona National Livestock Show Premiums	\$ 1,050
TOTAL	\$11,940

1. The American Angus Association, Lloyd D. Miller, Executive Secretary, 3201 Frederick Blvd., St. Joseph MO 64501, will pay to 40% of the total premiums, offered for the Open Class Angus Breeding Cattle where individual premiums amount to \$10 or more. The Association's contribution will be paid directly from their office to the exhibitors.
2. A minimum of 50 head must be shown in the Open Class Division to receive American Angus Association premium participation.
3. Exhibitors must have the original registration certificate on each animal available for inspection at the Show.

4. In order to be eligible for premiums contributed by the American Angus Association each exhibitor, whether the sole owner, or co-owner, of any registered Angus animal exhibited, must sign a **SHOW PREMIUM ELIGIBILITY STATEMENT** and pay the 3-year eligibility fee of \$15. Copies of the Statement are available from the Association.

"The undersigned is an owner/exhibitor of Aberdeen-Angus cattle. I (we) intend to exhibit cattle at fairs and other events at which premiums are contributed by the American Angus Association. In consideration of the contribution by the Association of such premium money, and in recognition of the authority of the Association and its representatives to require such tests as they deem necessary to verify the accuracy of the classification and pedigree of exhibited animals, I (we) agree (1) to submit my (our) registered Angus cattle to such tests and examinations by authorized representatives of the Association or of the relevant fair or show as may be requested thereby; (2) to release the Association from any and all claims for damages arising in connection with the administration of any such test or examination and any and all decisions based upon otherwise using or incorporating the results thereof; and (3) that in the event such exhibitor or owner desires to dispute or challenge results of any such test or examination applied to his animals, I (we) will do so only in accordance with the procedures established by the Rules of the Association."

5. All exhibitors of registered Angus are urged to heed the following policy statement, "Parentage Verification of Angus Show Animals:"

"Angus cattle exhibitors, starting July 1, 1977 must be able to demonstrate correct parentage of all show ani-

imals born Feb. 1, 1977 and later. This Policy covers all shows, fairs or exhibitions at which the American Angus personnel participate.

Correct parentage must be demonstrated by the **supervised** drawing of blood samples from the sire and dam of show animals and recordation and preservation of the blood type records. These records will be maintained by the American Angus Association for comparison with blood drawn from show animals upon request of the fair or show management or Angus Association personnel.

In the case of premature death, making it impossible to draw supervised blood samples from the sire or dam of a show animal, the owner may request, at his expense, the American Angus Association to attempt to establish an inferred blood type of the dead animal. In any event, failure to produce valid blood type parentage records, or failure of the animals to qualify as an offspring of the recorded sire and dam, will disqualify that animal from participation in any exhibition organized by the Association and from receiving, at any show, premiums contributed by the American Angus Association."

6. All Aberdeen-Angus entries are subject to the provisions of a rule of the American Angus Association entitled "Eligibility, Conformation and Structure of Animals Presented for Exhibition" effective June 16, 1975.

7. Any animal not having a legible tattoo is ineligible to compete and will be barred from showing.

JUNIOR SHOW

ANGUS JUNIOR HEIFERS

Premiums paid by the Arizona National Livestock Show	\$683
Premiums paid by the American Angus Association	\$152
TOTAL PREMIUM	\$835

1. The American Angus Association, Lloyd D. Miller, Secretary, 3201 Frederick Boulevard, St. Joseph, MO 64501, will pay 20% of the total premiums in individual classes offered for Junior Angus Heifers as included in its standard show classification, where individual premiums amount to \$5 or more.
2. To be eligible for Association premiums, heifer entries must be recorded in the sole name of the Junior Exhibitor and date of transfer or ownership must conform to the individuals show's requirements. Association premiums will be mailed directly to the exhibitor from the American Angus Association's office. The Association's contribution is included in the total premiums listed in each class.
3. Exhibitors must have the original registration certificate on each animal available for inspection at the Show.
4. The Association does not pay a percentage on premiums offered in Championship Classes.

5. In order to be eligible for premiums contributed by the American Angus Association each exhibitor, whether the sole owner, or a co-owner, of any registered Angus animal exhibited, must sign a SHOW PREMIUM ELIGIBILITY STATEMENT and pay the 3-year eligibility fee of \$15. Copies of the Statement are available from the Association.

"The undersigned is an owner/exhibitor of Aberdeen-Angus cattle. I (we) intend to exhibit cattle at fairs and other events at which premiums are contributed by the American Angus Association. In consideration of the contribution by the Association of such premium money, and in recognition of the authority of the Association and its representatives to require such tests as they deem necessary to verify the accuracy of the classification and pedigree of exhibited animals, I (we) agree (1) to submit my (our) registered Angus cattle to such tests and examinations by authorized representatives of the Association or of the relevant fair or show as may be requested thereby; (2) to release the Association from any and all claims for damages arising in connection with the administration of any such test or examination and any and all decisions based upon otherwise using or incorporating the results thereof; and (3) that in the event such exhibitor or owner desires to dispute or challenge results of any such test or examination applied to his animals, I (we) will do so only in accordance with the procedures established by the Rules of the Association."

6. All exhibitors of registered Angus are urged to heed the following policy statement, "Parentage Verification of Angus Show Animals:"

"Angus cattle exhibitors, starting July 1, 1977, must be able to demonstrate correct parentage of all show animals born Feb. 1, 1977 and later. This Policy covers all shows, fairs or exhibitions at which the American Association contributes premiums or at which Angus personnel participate.

Correct parentage must be demonstrated by the **supervised** drawing of blood samples from the sire and dam of show animals and recordation and preservation of the blood type records. These records will be maintained by the American Angus Association for comparison with blood drawn from animals upon request of the fair or show management or Angus Association personnel.

In the case of premature death, making it impossible to draw supervised blood samples from the sire or dam of a show animal, the owner may request, at his expense, the American Angus Association to attempt to establish an inferred blood type of the dead animal. In any event, failure to produce valid blood type parentage records, or failure of the animals to qualify as an offspring of the recorded sire and dam, will disqualify that animal from participation in any exhibition organized by the Association and from receiving, at any show, premiums contributed by the American Angus Association."

7. All Aberdeen-Angus entries are subject to the provisions of a rule of the American Angus Association entitled "Eligibility, Conformation, and Structure of Animals Presented for Exhibition" effective June 16, 1975.

8. Any animal not having a legible tattoo is ineligible to compete and will be barred from showing.

NATIONAL NOTES

From the Beginning

Change and growth are not foreign to the Arizona National Livestock Show. The Show began in 1948 when a group of local businessmen and cattlemen banded together under the name of the Phoenix Stock Show. That first year, 449 Herefords, Angus and Shorthorns were shown by 42 exhibitors from five states. In 1951 memberships were established and the name was changed to the Arizona National Livestock Show. In 1977 the Arizona Agricultural Trade Fair (Arizona Ag-Fair) was added to the Show to broaden the scope and educational benefits of the Show and was greeted with huge success. The 1978 Show promises bigger and better things still, with the addition of an S.O.P. Polled Hereford Show, the first separate Polled show ever held in Arizona, and an enlarged Arizona Ag-Fair.

Junior Division

The Junior Division has become an extremely popular ANLS event since its inception in 1950, when only six head were shown. The first Calf Scramble, held in 1951, did much to encourage youngsters to raise animals for the next Show. The price paid for the Grand Champion Market Steer has grown with the popularity of the event. In 1955 the Grand Champion brought \$2 a pound; in 1974 that price shot up to a record \$10 a pound. The 1977 Grand Champion Market Steer was shown by Kenny Rounds of Leedley, Okla. and was purchased by Safeway, Inc. of Phoenix for \$4.10 a pound.

A welcome addition to the Show in 1977 was the Market Lamb Show. The first Market Lamb Sale opened with a flare, with the Grand Champion Market Lamb, shown by Bryan Gilmore of Moundridge, Kan., bringing \$10 a pound from the Wigwam in Litchfield Park, Ariz.

Horse Show History

The Arizona National Quarter Horse Show goes back 14 years to 1964 when 232 horses were entered in the Class "A" Show. The 1977 winners were:

Grand Champion Stallion - "Son of Sun" owned by Bob Hamilton and R. C. Johns, Paradise Valley, Arizona.

Grand Champion Mare - "Sheza Covergirl" owned by D. S. Kieckhefer and K. K. Tobin, Prescott, Arizona.

Grand Champion Gelding - "Oro Amigo" owned by Tom and Betty Donato, Scottsdale, Arizona.

In 1977 the Horse Division expanded to include Paint and Appaloosa shows. Both were successful and will again be a part of the Show in 1978.

1977 Open Cattle Champions

Angus:

Champion Bull - "Nelson Hustler" owned by Silveira Brothers and Clyde Nelson, Mendota, California

Champion Heifer - "Miss Parish Meadowbrook" owned by Holt Angus, Meadowbrook, and Griswald Cattle Co., Connersville, Oklahoma.

Brangus:

Champion Bull - "WSR Cloud 942" owned by Willow Springs Ranch, Burton, Texas.

Champion Heifer - "WSR-RJ 1-773" owned by Willow Springs Ranch, Burton, Texas.

Charolais:

Champion Bull - "5-K Usuel 254" owned by M. M. Kinslow, Seminole, Oklahoma.

Champion Heifer - "BR Carol 5" owned by Bauman Ranch, Carpenter, Wyoming.

Hereford:

Champion Bull - "GK Big Northern" owned by OXO Hereford Ranch, Brad Scott and Cummings Cattle Co., Ridgeway, Colorado

Champion Heifer - "26 Golden Lady M130" owned by 26 Bar Ranch, Stanfield, Arizona.

Arizona is Cattle Country

The Arizona Cattle Feeders Association, which started in 1934, is the oldest feeders' organization in the United States. Arizona ranks 7th in numbers of beef cattle on feed.

The Arizona Cattle Growers Association was organized in 1904 and since that time has continuously provided both Arizona and national leadership for producers in the cattle industry.

ARIZONA AGRICULTURAL TRADE FAIR

JANUARY 5-8, 1978

*Presented
By*

1978 ARIZONA AG-FAIR

The Arizona Agricultural Trade Fair (Arizona Ag-Fair), the nation's first farm show of the year, offers a unique opportunity for agriculture -- a well balanced, complete agricultural show in an almost perfect setting.

Held in conjunction with the Arizona National Livestock Show, the Ag-Fair is exclusively for the Arizona and North American agriculture community.

When it is cold and wintry in other parts of the country, bring your product or service to Phoenix and meet with farmers, ranchers and implement dealers in spring-like weather.

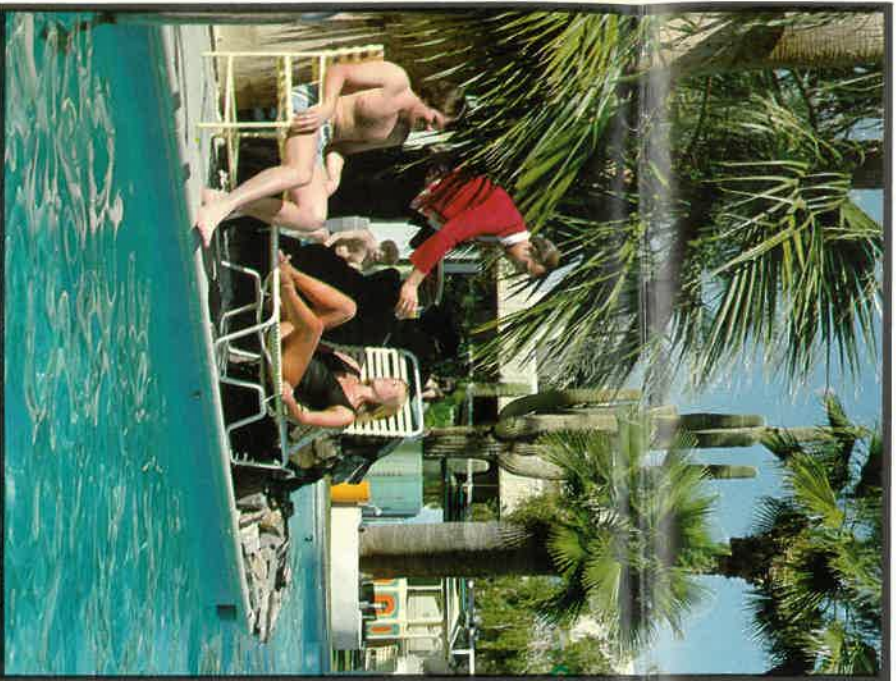

If a product belongs on the farm or ranch, you'll see it at the Ag-Fair.

The Ag-Fair is the ideal place to introduce new lines or products and to hold your convention . . . sales seminar . . . annual meeting. We'll help you arrange all the details.

ATTENDANCE

Arizona's warm January weather traditionally draws farmers, ranchers and agribusinessmen from throughout the United States and Canada, which should put this year's attendance in the six figure range.

Plus, a special invitation has been extended to agriculturists throughout Mexico.

PHOENIX

Unequaled hotel and motel accommodations by Del Webb, Hilton, Hyatt House, Sheraton and many more are located within minutes of the Ag-Fair grounds.

A few minutes further and you'll enjoy the convenience of an international airport and resort hotels in Litchfield Park and Scottsdale -- "the West's most Western town."

Sunny and warm weather permits golf, tennis and other sports found in few other cities in January.

IN REPLY
REFER TO:

Greetings:

The addition of the Arizona Agriculture Trade Fair to the Arizona National Livestock Show this past January was a major step forward in accentuating the importance of the agri-business industry to the state of Arizona.

Our first Ag Fair was a fitting tribute to the importance of the Agri-Business community as an example of the vitality and free enterprise that has made American agriculture the most prolific food supplier in the world.

Plans for the 1978 Ag Trade Fair between January 5 and 8, are already well under way and on behalf of all Arizonans, it is a distinct pleasure for me to officially invite you to participate in our 1978 Show. What better place to exhibit and examine the many different ag machinery and product improvements that will be on display next January.

The availability of a black-top display plus inside exhibit space in the Arizona Coliseum and a sunny Arizona climate with luxurious hotels and resorts provides a setting not available to any other show of this type.

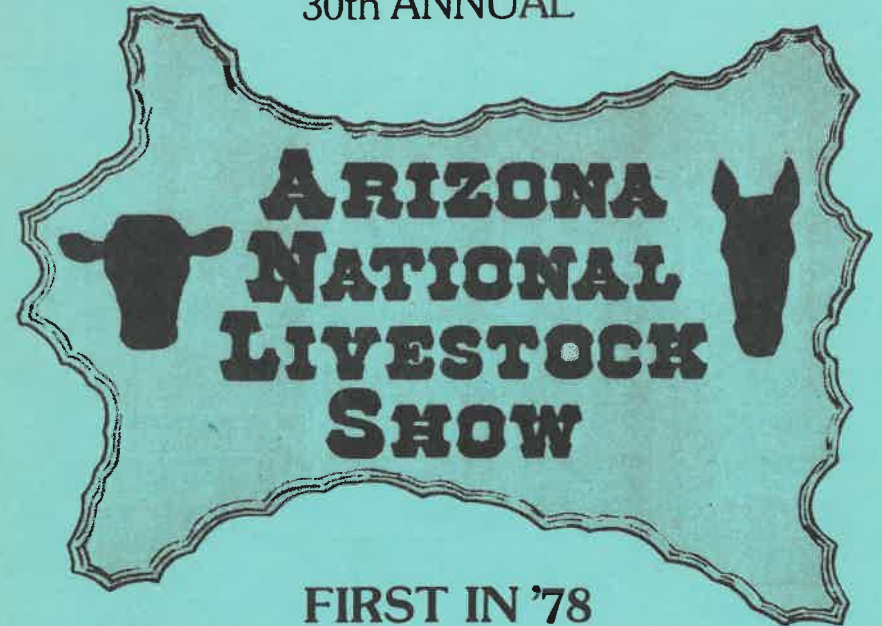

The diversified Agriculturists in attendance at the Arizona National Livestock Show plus the many agricultural winter visitors creates a captive audience for your products. Join us at our "Fun in the Sun Show!"

Sincerely,

Raul H. Castro
