OFFICE OF THE GOVERNOR

STATE CAPITOL, WEST WING
PHOENIX, ARIZONA 85007

August 1997

GREETINGS!

On behalf of the State of Arizona, I would like to invite you to join us at the 1998 Arizona National Stock Show. This year we are delighted to welcome participants from across the United States and Canada to help us celebrate the 50th Annual Stock Show.

The Arizona National Stock Show plays an important role in the livestock and agriculture industries. It brings together many participants, their families, and friends to share in the festivities.

The Arizona National Stock Show has always been known for its tremendous variety of events for exhibitors as well as spectators. Through the years, this show has also built a wonderful tradition of bringing people of all ages together, and I am certain that this year will be no exception.

Again, welcome and best wishes for an enjoyable time as we begin celebrating a 50 year tradition!

Sincerely,

Fife Symington
GOVERNOR

WELCOME

Dear Exhibitors,

This is the *Celebration of a 50 year tradition 1948-1998*, at The Arizona National Stock Show. There have been dramatic changes in the livestock industry and agriculture in general over this half century. One thing that has not changed however, is the quality and character of you, our exhibitor.

We are faced with the challenges of communicating the story of agriculture to both our urban neighbors and our own youth.

The Arizona National Stock Show is committed to this challenge and we appreciate your continued participation and support.

Sincerely,

Con Englehorn
President

Sincerely,

Grant Boice
Executive Director

National Code Of Show Ring Ethics

As adopted by the Arizona National Stock Show

Exhibitors of animals at livestock shows shall at all times deport themselves with honesty and good sportsman. Their conduct in this competitive environment shall always reflect the highest standards of honor and dignity to promote the advancement of agricultural education. This code applies to junior as well as open class exhibitors who compete in structured classes of competition. This code applies to all livestock offered in any event at a livestock show. In addition to the "National Code of Show Ring Ethics," fairs and livestock shows have rules and regulations which they impose on the local, county, provincial and national levels.

All youth leaders working with junior exhibitors are under an affirmative responsibility to do more than avoid improper conduct or questionable acts. Their moral values must be so certain and positive that those younger and more pliable will be influenced by their fine example. Owners, exhibitors, fitters, trainers and absolutely responsible persons who violate the code of ethics will forfeit premiums, awards and auction proceeds and shall be prohibited from future exhibition in accordance with the rules adopted by the respective fairs and livestock shows. Exhibitors who violate this code of ethics demean the integrity of all livestock exhibitors and should be prohibited from competition at all livestock shows in the United States and Canada.

The following is a list of guidelines for all exhibitors and all livestock in competitive events:

1. All exhibitors must present, upon request of fair and livestock show officials, proof of ownership, length of ownership and age of all animals entered. Misrepresentation of ownership, age or any facts relating thereto is prohibited.
2. Owners, exhibitors, fitters, trainers, or absolutely responsible persons shall provide animal health certificates from licensed veterinarians upon request by fair or livestock show officials.
3. Junior exhibitors are expected to care for and groom their animals while at fairs or livestock shows.
4. Animals shall be presented to show events where they will enter the food chain free of volatile drug residues. The act of entering an animal in a livestock show is the giving of consent by the owner, exhibitor, fitter, trainer and/or absolutely responsible person for show management to obtain any specimens of urine, saliva, blood, or other substances from the animal to be used in testing. Animals entered in an event which culminates with the animal entering the food chain shall not be administered drugs other than in accordance with applicable federal, state and provincial statutes, regulations and rules. Livestock shall not be exhibited if the drugs administered in accordance with federal, state and provincial statutes, regulations and rules affect the animal's performance or appearance at the event.

If the laboratory report on the analysis of saliva, urine, blood or other sample taken from livestock indicates the presence of forbidden drugs or medication, this shall be prima facie evidence such substance has been administered to the animal either internally or externally. It is presumed that the sample of urine, saliva, blood, or other substance tested by the laboratory to which it is sent is the one taken from the animal in question, its integrity is preserved and all procedures of said collection and preservation, transfer to the laboratory and analysis of the sample are correct and accurate and the report received from the laboratory pertains to the sample taken from

National Code Of Show Ring Ethics Continued

the animal in question and correctly reflects the condition of the animal at the time

the sample was taken, with the burden on the owner, exhibitor, fitter, trainer, or absolutely responsible person to prove otherwise.

At any time after an animal arrives on the fair or livestock show premises, all treatments involving the use of drugs and/or medications for the sole purpose of protecting the health of the animal shall be administered by a licensed veterinarian.

5. Any surgical procedure or injection of any foreign substance or drug or the external application of any substance (irritant, counterirritant, or similar substance) which could affect the animal's performance or alter its natural color, conformation, or appearance, except external applications of substances to the hoofs or horns of animals which affect appearance only and except for surgical procedures performed by a duly licensed veterinarian for the sole purpose of protecting the health of the animal, is prohibited.
6. The use of showing and/or handling practices or devices such as striking animals to cause swelling, using electrical contrivance, or other similar practices are not acceptable and are prohibited.
7. Direct criticism or interference with the judge, fair or livestock show management, other exhibitors, breed representatives, or show officials before, during, or after the competitive event is prohibited. In the furtherance of their official duty, all judges, fair and livestock show management, or other show officials shall be treated with courtesy, cooperation and respect and no person shall direct abusive or threatening conduct toward them.
8. No owner, exhibitor, fitter, trainer, or absolutely responsible person shall conspire with another person or persons to intentionally violate this Code of Ethics or knowingly contribute or cooperate with another person or persons either by affirmative action or inaction to violate this Code of Ethics. Violation of this rule shall subject such individual to disciplinary action.
9. The application of this Code of Ethics provides for absolute responsibility for an animal's condition by an owner, exhibitor, fitter, trainer, or participant whether or not he or she was actually instrumental in or had actual knowledge of the treatment of the animal in contravention of this Code of Ethics.
10. The act of entering an animal is the giving of consent by the owner, exhibitor, fitter, trainer, or absolutely responsible person to have disciplinary action taken by the fair or livestock show for violation of this Code of Show Ring Ethics and any other rules of competition of the fair or livestock show without recourse against the fair or livestock show. The act of entering an animal is the giving of consent that any proceedings or disciplinary action taken by the fair or livestock show may be shared with other fairs, livestock shows and organizations of fairs or livestock shows.
11. The act of entering an animal in a fair or livestock show is the giving of verification by the owner, exhibitor, fitter, trainer, or absolutely responsible person that he or she has read the National Code of Show Ring Ethics and understands the consequences of and penalties provided for actions prohibited by this code. It is further a consent that any action which contravenes these rules and is also in violation of federal, state, or provincial statutes, regulations or rules may be released to appropriate law enforcement authorities with jurisdiction over such infractions.

AUCTION: 10 a.m. Sunday, January 4, 1998
SUPERINTENDENT: Lyle Wright

ARRIVAL: No earlier than 6 a.m., Saturday, December 27, 1997
Check-in Deadline is 4 p.m., Wednesday, December 31, 1997
Weigh-in & Eartag is 5 p.m., Wednesday, December 31, 1997
DEPARTURE: **Immediately after the Sale or must be moved to the Open Cattle Barn.**

Feeder Steer entries must be received by December 1.
ALL FEEDER STEER ENTRIES ARE SUBJECT TO OPEN CATTLE RULES & REGULATIONS AND CATTLE HEALTH REQUIREMENTS.
PLEASE READ THEM CAREFULLY.

ENTRIES

1. Entry fees of \$40.00 per entry must accompany the entry form.
2. Minimum entry is a **pen of three**, with an option to enter up to three **individual steers** for a total of six steers per entry.
3. Maximum average weight for the **pen of three steers** is 800 pounds per steer.
4. Maximum weight for **individual steers** is **800 pounds**.
5. Entries in the Feeder Steer Division must be received on or before **DECEMBER 1**. Due to limited pen space, entries are accepted on a first come, first served basis. Entries and fees received after pen space is filled will be returned.
6. Complete the Feeder Steer entry form provided in the back of this book. Indicate the breed for each entry.
7. All animals in a pen must carry the same brand, if branded.
8. Steers must be dehorned, castrated and halter broke.
9. Steers may be purebred, crossbred or grade and must enter the appropriate classes.
10. Steers may be mouthed to verify age.
11. **Please see Open Cattle Rules and Regulations for additional requirements.**

SIFTING

12. Feeder Steers showing stagnation will be sifted.

CLASSING

13. Crossbred entries of an unusual genotype or unusually deceptive phenotype are classed by the Feeder Steer Committee taking into consideration:
 - a. The breed of the sire.
 - b. Ascertainable genotype as provided by the exhibitor.
 - c. Ascertainable phenotype shown by the steers.
14. The Feeder Steer Committee may switch breed classes prior to judging if the pen does not display breed characteristics.

ALTERNATES

15. In the case of sickness of one of the steers entered in the **pen of three**, an alternate chosen from one of the **individuals** entered with that pen may be shown if that individual has the same breed characteristics as the entered pen. The Feeder Steer Superintendent must be notified of the substitution at least two hours prior to Show time.

FEEDER STEER DIVISION

CLASSES

16. Classes will be divided into equitable weight divisions for each breed. The number of classes depends on entries in each breed. **Pen of three** and **individuals** will be divided and classed by the Feeder Steer Committee.

EARTAG & WEIGH-IN

17. Feeder Steers will be eartagged and weighed only once. This weight is used to class steers. There will be no weigh-backs.
18. If a question arises about the weight of an animal, that animal will be taken off the scale, the scale checked and balanced, and the animal re-weighed immediately. The animal in question cannot leave the scale area until the dispute is settled. If an exhibitor leaves the scale area without registering a protest, the scale weight will be considered correct.
19. Eartags must not be tampered with for any reason. If a tag is lost, contact the Feeder Steer Superintendent immediately so that it may be replaced.
20. All previous eartags will be removed from steers when eartagged by the Arizona National.
21. The livestock scale at the Agriculture Center is available to Feeder Steer exhibitors one day prior to the official weigh-in. Exhibitors should contact a Feeder Steer Committee member or the Feeder Steer Office for information. **Weights taken at this time are NOT official.**
22. The steers making up the **pen of three** must be identified when eartagged. Other steers are assumed to be in the **individual** section of the Feeder Steer Show.

JUDGING

23. Judges are instructed to discriminate against Feeder Steers considered too fat to be profitable. For the pen of three, judges use the same criteria that a cattle buyer would when purchasing steers for commercial purposes. The decision of the judges for the individuals shown in hand is to be made on the basis of selecting prospective club calves.
24. There must be at least two first place winners in the Feeder Classes to hold a Championship Class unless the judge deems another entry of championship quality.

ELECTRIC GENERATORS

25. Portable electric generators may NOT be operated during the Show or Sale.

AUCTION

26. The Sale Order is determined by the judge's placing of the steers.
27. ALL steers in the Feeder Steer Division are sold at Auction. NO Private Treaty Sales will be allowed.
28. Pen of three steers are sold by choice lot, on a per head basis. All individuals are sold on a per head basis following the pens.
29. All sales are final and binding.
30. A 7 percent commission is deducted from the sale proceeds.
31. Consignors to the Feeder Steer Sale will receive their checks through the mail as soon as possible after the close of the Show.
32. Terms of Sale are cash (US Funds). Methods of payment shall be cash or check. Any other method of payment would have to be arranged prior to the sale.

JUNIOR DIVISION

JUNIOR MARKET AUCTION

1 p.m., Saturday, January 3, 1998

SALE OF ANIMALS

1. The Junior Market Auction is a **TERMINAL** Sale.
2. Grand Champion and Reserve Grand Champion of each species must be sold at the Arizona National Junior Market Auction. Only high placing animals are eligible for the Auction. **Junior Market Steer, Market Lamb and Market Hog exhibitors may sell one (1) market animal in the Arizona National Junior Market Auction.** Hog and Sheep Exhibitors with two ribboned animals in one species must sell the highest placed animal.
3. The animals eligible for the Auction are selected in proportion to the numbers entered in their Division's classes to a maximum of 50 animals in each species. With the exception of Grand Champions and Reserve Champions, exhibitors have the option of either selling their animals at the Auction or taking their animals home.
4. All animals designated for sale must sell in the Auction and go directly to slaughter.
5. **If an exhibitor declares an animal for sale and does not sell their animal at the Auction, the exhibitor will be barred from all future Arizona National Stock Shows.**
6. Auction Sale Order will be at the discretion of the Junior Committees and approved by the Show Committee.
7. A 7 percent commission is deducted from the exhibitor's sale proceeds for animals sold through the Auction.
8. Animals shown but not selected for the Auction, can be sold at a resale price established for the Auction, with approval of the Sale Committee. A 5 percent commission is deducted from the exhibitor's sale proceeds for animals sold in this group.
9. Junior Exhibitors are not paid for animals sold at the Auction until all debts to the Arizona National incurred by immediate family members, i.e. spouse, father, mother, sister(s), brother(s) and grandparent(s) are paid in full.
10. Any dockage taken by the packer on carcasses of animals sold through the Arizona National Junior Market Auction will be deducted from the exhibitor's sales proceeds, if the dockage is a result of the animal's condition when sold and not due to unusual shipping losses. The amount deducted from the Junior Market Auction proceeds check is calculated by subtracting the docked carcass value from the rail carcass value for like animals sold through the Arizona National Junior Market Auction.
11. If any animal is condemned at slaughter for any reason, the exhibitor will not receive payment for the animal and must accept the consequences without recourse against the Arizona National Livestock Show.

U.S.D.A. WHOLESOME MEAT ACT

12. The U.S.D.A. Wholesome Meat Act applies to all slaughter animals at this show. The Act requires the following:
Antibiotic, Sulfonamides and other approved drugs have required withdrawal periods. Drug label directions must be followed.
If drug or chemical residues are found in carcass tissue and the carcass is condemned, the exhibitor will reimburse the Arizona National all premium moneys, forfeit sale proceeds from that animal and may be bared from future shows.

Please consult your project leader if you do not understand any of these statements.

U.S.D.A. - Health regulations require that any market animal treated with drugs, pesticides or any other chemical must go through the prescribed withdrawal period as listed

JUNIOR DIVISION

Junior Market Auction (cont.)

on the label. Therefore, it is important that exhibitors determine the type of treatments used if the animals must be dipped or treated prior to leaving the point of origin. The Arizona National Stock Show will not accept market or carcass animals treated with ivermectin after the November 15 immediately prior to the show.
NO EXCEPTIONS!

Wholesome Assurance Statement.— The use by non-veterinarians* of animal drugs or other substances in any manner other than in accord with the labeling approved by FDA is a violation of federal law. Any food animal must not exceed FDA/EPA/USDA-established tolerances for any foreign substance including drugs, pesticides, feed additives, or other chemicals. Violative results of residue testing are subject to investigation by USDA and FDA for prosecution. Any misrepresentation of a food animal that can potentially affect the acceptability of the carcass or milk will be considered fraud.

**NOTE: Abuse of the extra-label privilege by veterinarians is unethical and is subject to serious consequences such as license revocation.*
