WELCOME

Dear Exhibitors,

Welcome to the 51st Arizona National Stock Show, the last show of the twentieth century. Thanks to folks like you we had record numbers of exhibitors and entries last year. Even as the numbers grow the quality of the animals continues to get better.

While our national economy appears to keep on going, agriculture continues to face challenges, some old and familiar, and some new. We at Arizona National also have challenges, both old and new, but because of you, the exhibitors, and your continued participation, support, and positive attitudes, are able to face these challenges.

We look forward to your participation this year and promise to make every effort to make the Arizona National experience a positive one for you.

Sincerely,

Con Englehorn
President

Sincerely,

Grant Boice
Executive Director

ARIZONA NATIONAL STOCK SHOW VOLUNTEERS

Superintendent: Gaye Rutan

Volunteers are needed each year at the Arizona National Stock Show and Rodeo. There are volunteer positions for all types of interests and for a variety of ages.

For instance, if you prefer to:

- ◆ Get down and dirty, you might be interested in helping work cattle at the AQHA Horse Show.
- ◆ Stay more sophisticated, you can dress up a bit, and present a friendly welcome and a Show Program to Rodeo-goers.

If you are:

- ◆ Ten years old and full of energy, you could be a runner at the Junior Auction.
- ◆ A mature adult who is friendly and enthusiastic, you might volunteer to work in the Arizona National Club where members socialize while enjoying food and beverages (immature adults will also be considered as Volunteers in the Club).

WOULD YOU LIKE TO KNOW MORE ABOUT VOLUNTEERING?

If your answer is "YES" please call the Arizona National Stock Show Office, (602) 258-8568.

Exhibitor's Notes

National Code Of Show Ring Ethics

As adopted by the Arizona National Stock Show

Exhibitors of animals at livestock shows shall at all times deport themselves with honesty and good sportsman. Their conduct in this competitive environment shall always reflect the highest standards of honor and dignity to promote the advancement of agricultural education. This code applies to junior class exhibitors who compete in structured classes of competition. This code applies to all livestock offered in any event at a livestock show. In addition to the "National Code of Show Ring Ethics," fairs and livestock shows have rules and regulations which they impose on the local, county, provincial and national levels.

All youth leaders working with junior exhibitors are under an affirmative responsibility to do more than avoid improper conduct or questionable acts. Their moral values must be so certain and positive that those younger and more pliable will be influenced by their fine example. Owners, exhibitors, fitters, trainers and absolutely responsible persons who violate the code of ethics will forfeit premiums, awards and auction proceeds and shall be prohibited from future exhibition in accordance with the rules adopted by the respective fairs and livestock shows. Exhibitors who violate this code of ethics demean the integrity of all livestock exhibitors and should be prohibited from competition at all livestock shows in the United States and Canada.

The following is a list of guidelines for all exhibitors and all livestock in competitive events:

1. All exhibitors must present, upon request of fair and livestock show officials, proof of ownership, length of ownership and age of all animals entered. Misrepresentation of ownership, age or any facts relating thereto is prohibited.
2. Owners, exhibitors, fitters, trainers, or absolutely responsible persons shall provide animal health certificates from licensed veterinarians upon request by fair or livestock show officials.
3. Junior exhibitors are expected to care for and groom their animals while at fairs or livestock shows.
4. Animals shall be presented to show events where they will enter the food chain free of volatile drug residues. The act of entering an animal in a livestock show is the giving of consent by the owner, exhibitor, fitter, trainer and/or absolutely responsible person for show management to obtain any specimens of urine, saliva, blood, or other substances from the animal to be used in testing. Animals entered in an event which culminates with the animal entering the food chain shall not be administered drugs other than in accordance with applicable federal, state and provincial statutes, regulations and rules. Livestock shall not be exhibited if the drugs administered in accordance with federal, state and provincial statutes, regulations and rules affect the animal's performance or appearance at the event.

If the laboratory report on the analysis of saliva, urine, blood or other sample taken from livestock indicates the presence of forbidden drugs or medication, this shall be prima facie evidence such substance has been administered to the animal either internally or externally. It is presumed that the sample of urine, saliva, blood, or other substance tested by the laboratory to which it is sent is the one taken from the animal in question, its integrity is preserved and all procedures of said collection and preservation, transfer to the laboratory and analysis of the sample are correct and accurate and the report received from the laboratory pertains to the sample taken from

National Code Of Show Ring Ethics Continued

the animal in question and correctly reflects the condition of the animal at the time the sample was taken, with the burden on the owner, exhibitor, fitter, trainer, or absolutely responsible person to prove otherwise.

At any time after an animal arrives on the fair or livestock show premises, all treatments involving the use of drugs and/or medications for the sole purpose of protecting the health of the animal shall be administered by a licensed veterinarian.

5. Any surgical procedure or injection of any foreign substance or drug or the external application of any substance (irritant, counterirritant, or similar substance) which could affect the animal's performance or alter its natural color, conformation, or appearance, except external applications of substances to the hoofs or horns of animals which affect appearance only and except for surgical procedures performed by a duly licensed veterinarian for the sole purpose of protecting the health of the animal, is prohibited.
6. The use of showing and/or handling practices or devices such as striking animals to cause swelling, using electrical contrivance, or other similar practices are not acceptable and are prohibited.
7. Direct criticism or interference with the judge, fair or livestock show management, other exhibitors, breed representatives, or show officials before, during, or after the competitive event is prohibited. In the furtherance of their official duty, all judges, fair and livestock show management, or other show officials shall be treated with courtesy, cooperation and respect and no person shall direct abusive or threatening conduct toward them.
8. No owner, exhibitor, fitter, trainer, or absolutely responsible person shall conspire with another person or persons to intentionally violate this Code of Ethics or knowingly contribute or cooperate with another person or persons either by affirmative action or inaction to violate this Code of Ethics. Violation of this rule shall subject such individual to disciplinary action.
9. The application of this Code of Ethics provides for absolute responsibility for an animal's condition by an owner, exhibitor, fitter, trainer, or participant whether or not he or she was actually instrumental in or had actual knowledge of the treatment of the animal in contravention of this Code of Ethics.
10. The act of entering an animal is the giving of consent by the owner, exhibitor, fitter, trainer, or absolutely responsible person to have disciplinary action taken by the fair or livestock show for violation of this Code of Show Ring Ethics and any other rules of competition of the fair or livestock show without recourse against the fair or livestock show. The act of entering an animal is the giving of consent that any proceedings or disciplinary action taken by the fair or livestock show may be shared with other fairs, livestock shows and organizations of fairs or livestock shows.
11. The act of entering an animal in a fair or livestock show is the giving of verification by the owner, exhibitor, fitter, trainer, or absolutely responsible person that he or she has read the National Code of Show Ring Ethics and understands the consequences of and penalties provided for actions prohibited by this code. It is further a consent that any action which contravenes these rules and is also in violation of federal, state, or provincial statutes, regulations or rules may be released to appropriate law enforcement authorities with jurisdiction over such infractions.

All ANLS General Rules & Regulations apply. Please read them carefully.

1. Animals must be registered in the American Brahman Breeders Association (ABBA) to be eligible to compete in Association sponsored shows. The registration certificate (or photocopy) for each entry must be available for presentation to the superintendent or manager of the show at the time entries are verified prior to judging.
2. The registration number and animal identification number (number branded on animal) of each animal entered must be listed on the entry form. The name and registration number of the dam and sire must also be listed on the entry form.
3. Entries not complying with rules 1 and 2 will not be eligible to show, receive premium monies or earn points in the Association's Register of Renown.
4. To be eligible for group classes, animals must be entered and shown in individual classes and must be owned by the exhibitor.
5. Entries will be listed numerically according to age (oldest first) in catalogs and judging schedules. When entering the arena for judging, exhibitors will line up numerically.
6. Judges are allowed to comment on placings in selected classes when conditions permit.
7. Each animal must be presented in its natural conformation and structure without alteration or modification. Alteration or modification includes any surgical or circulatory constrictions or other appearance change, except branding, tattooing, foot trimming or dehorning. Silicone or other injections for cosmetic purposes are prohibited. If ABBA or ANLS staff, officers, executive committee or board of directors suspect an animal's natural conformation or structure has been altered the animal is ineligible to compete until the Show Committee and owner/owners have reviewed the case.
8. In cases where families, companies, corporations, etc., are operated as a unit under the same management, but have cattle also registered in the name of individual partners, said cattle, even though bearing a different ownership brand, are eligible to be shown in competition under the firm name provided they have not been and will not be shown in the name of the individuals.

11. The two animals shown in the produce-of-dam class must be natural calves owned by the exhibitor. The two animals shown in the embryo produce class may both be

embryo calves or one embryo and one natural calf. The four animals shown together in the get-of-sire class must be from at least two different dams, but all from one sire with both sexes represented and all owned by the exhibitor. All group classes may also be composed of animals owned by more than one breeder if those breeders are co-owners of the sire and dam.

12. No more than one produce-of-dam entry is permitted to show from one dam.
13. Cows exhibited with calves-at-side must be in a lactating stage. Calves must not exceed 240 days of age on day of judging. The ring steward will make the judge aware of those cows whose calves are ineligible to show by this rule.
14. Cattle will be disqualified if their switches have been balled or glitter applied to their skin.
15. Breeders are not eligible to judge cattle owned by their partners if the cattle are sired by or out of cows owned jointly with the judge and exhibitor.
16. Close family relations (mother-daughter, brother-sister, or father-son) are not allowed to judge one another's cattle.
17. All other general and division rules of this Show apply.

BRANGUS SHOW

JUDGE: TBA

JUDGING: 1 p.m., Friday, January 1, 1999

SUPERINTENDENT: Cindy Tidwell Shelton & Swayze McCraine

ARRIVAL: No earlier than 8 a.m., Monday, December 28, 1998

Check-in Deadline is 6 p.m., Wednesday, December 30, 1998

DEPARTURE: No later than 4 p.m., January 3, 1999

Premium offered by Arizona National	\$6,135.00
Premium offered by the Southwest Brangus Breeders Association	\$ 500.00
TOTAL PREMIUMS TO BE OFFERED	\$6,635.00

All ANLS General Rules & Regulations apply. Please read them carefully.

1. Animals must be registered with the International Brangus Breeders Association (IBBA) to be eligible to compete. The registration certificate (or photocopy) for each entry must be available for inspection when entries are verified prior to judging.
2. The IBBA, and its representatives, have the authority to require such tests as they deem necessary to verify the accuracy of the classification and pedigree of exhibited Brangus animals. Said authority shall extend to, and cover the enforcement of, all show rules as adopted by the IBBA.
3. The registration number, permanent animal identification number (tattoo or brand), birthdate and sire of each animal entered in an individual class must be listed on the entry form of each animal entered.
4. Animals eligible to be shown in group classes must be entered and shown in respective individual classes.
5. Prior to check-in, heads of breeding animals must be clipped of all hair (including topknots) and be free of scurs and/or slick spots.
6. Any animal with scurs, slick spots or evidence of incisions, surgical or otherwise, in the following areas: head, testicles, sheath, navel or dewlap, will be disqualified from showing.
7. Any Brangus animal recorded in the IBBA registry that has a "Parentage Dispute" listed in its first three-generation pedigree is ineligible for participation in Brangus shows and exhibitions. If the dispute is resolved, the listing will be removed from the pedigree and show eligibility will be restored.
8. In IBBA sanctioned shows, no animal may be shown that has been artificially filled with any amount of liquid at any time once the animal enters the grounds of a show. The fitter or ranch entity involved with an animal being artificially filled will be banned from the show ring for one year and the animal will be disqualified from exhibition at that particular show. Permission must be granted by the IBBA show official to pump an animal for any reason although the animal is still ineligible for exhibition at that particular show.
9. No animal may be shown that has had any foreign objects glued to or otherwise attached in a manner so as to alter its conformation or change its appearance. Tail ties and hair nets used on the tail and switch are the only exceptions.
10. All Brangus bulls 15 months and older that are exhibited at IBBA-sponsored shows (four national shows) must have passed a fertility exam administered by a licensed veterinarian to be eligible to show. Exam results should be sent to IBBA where they will be kept on file. Once a bull has a positive exam on file with IBBA, retesting is not required.

OPEN CATTLE DIVISION

11. Entries that have not compiled with all of the above rules will not be eligible to show, to receive premium monies, or earn points in the IBBA's Show Sire of the Year, Show Bull of the Year, and Show Heifer of the Year awards.
12. All IBBA and IJBBA members will abide by the show rules as adopted. In addition, any show, fair, event or display in which Brangus cattle participate show follow these rules as adopted by IBBA. All Brangus entries are subject to the provision of a rule of IBBA entitled "Inspection of Exhibits".

10. Steers may be mouthed to verify age.
11. Please see **Open Cattle Rules and Regulations** for additional requirements.

TIE OUTS

12. A limited number of tie-outs are available to Feeder Steer and Sun Classic Heifer entries. Absolutely no fitting of animals is allowed at the tie-outs.

SIFTING

13. Feeder Steers showing stagnation will be sifted.

CLASSING

14. Crossbred entries of an unusual genotype or unusually deceptive phenotype are classed by the Feeder Steer Committee taking into consideration:
 - a. The breed of the sire.
 - b. Ascertainable genotype as provided by the exhibitor.
 - c. Ascertainable phenotype shown by the steers.
15. The Feeder Steer Committee may switch breed classes prior to judging if the pen does not display breed characteristics.

ALTERNATES

16. In the case of sickness of one of the steers entered in the **pen of three**, an alternate chosen from one of the **individuals** entered with that pen may be shown if that individual has the same breed characteristics as the entered pen.

FEEDER STEER DIVISION

The Feeder Steer Superintendent must be notified of the substitution at least two hours prior to Show time.

CLASSES

17. Classes will be divided into equitable weight divisions for each breed. The number of classes depends on entries in each breed. **Pen of three** and **individuals** will be divided and classed by the Feeder Steer Committee.

EARTAG & WEIGH-IN

18. Feeder Steers will be eartagged and weighed only once. This weight is used to class steers. There will be no weigh-backs.
19. If a question arises about the weight of an animal, that animal will be taken off the scale, the scale checked and balanced, and the animal re-weighed immediately. The animal in question cannot leave the scale area until the dispute is settled. If an exhibitor leaves the scale area without registering a protest, the scale weight will be considered correct.
20. Eartags must not be tampered with for any reason. If a tag is lost, contact the Feeder Steer Superintendent immediately so that it may be replaced.
21. All previous eartags will be removed from steers when eartagged by the Arizona National.
22. The livestock scale at the Agriculture Center is available to Feeder Steer exhibitors one day prior to the official weigh-in. Exhibitors should contact a Feeder Steer Committee member or the Feeder Steer Office for information. **Weights taken at this time are NOT official.**
23. The steers making up the **pen of three** must be identified when eartagged. Other steers are assumed to be in the **individual** section of the Feeder Steer Show.

JUDGING

24. Judges are instructed to discriminate against Feeder Steers considered too fat to be profitable. For the pen of three, judges use the same criteria that a cattle buyer would when purchasing steers for commercial purposes. The decision of the judges for the individuals shown in hand is to be made on the basis of selecting prospective club calves.
25. There must be at least two first place winners in the Feeder Classes to hold a Championship Class unless the judge deems another entry of championship quality.

ELECTRIC GENERATORS

26. Portable electric generators may NOT be operated during the Show or Sale.

JUNIOR DIVISION

JUNIOR MARKET AUCTION

1 p.m., Saturday, January 2, 1999

SALE OF ANIMALS

1. The Junior Market Auction is a **TERMINAL** Sale.
2. Grand Champion and Reserve Grand Champion of each species must be sold at the Arizona National Junior Market Auction. **Junior Market Steer, Market Lamb and Market Hog exhibitors may sell one (1) market animal in the Arizona National Junior Market Auction.** Hog and Sheep Exhibitors with two animals in one species and both eligible for the Auction, can sell only the highest place animal.
3. The animals eligible for the Auction are selected in proportion to the numbers entered in their Division's classes to a maximum of 50 animals in each species. With the exception of Grand Champions and Reserve Champions, exhibitors have the option of either selling their animals at the Auction or taking their animals home.
4. All animals designated for sale must sell in the Auction and go directly to slaughter.
5. **If an exhibitor declares an animal for sale and does not sell their animal at the Auction, the exhibitor will be barred from all future Arizona National Stock Shows.**
6. Auction Sale Order will be at the discretion of the Junior Committees and approved by the Show Committee.
7. A 7 percent commission is deducted from the exhibitor's sale proceeds for animals sold through the Auction.
8. Animals shown but not selected for the Auction, can be sold at a resale price established for the Auction, with approval of the Sale Committee. A 5 percent commission is deducted from the exhibitor's sale proceeds for animals sold in this group.
9. Junior Exhibitors are not paid for animals sold at the Auction until all debts to the Arizona National incurred by immediate family members, i.e. spouse, father, mother, sister(s), brother(s) and grandparent(s) are paid in full.
10. Any dockage taken by the packer on carcasses of animals sold through the Arizona National Junior Market Auction will be deducted from the exhibitor's sales proceeds, if the dockage is a result of the animal's condition when sold and not due to unusual shipping losses. The amount deducted from the Junior Market Auction proceeds check is calculated by subtracting the docked carcass value from the rail carcass value for like animals sold through the Arizona National Junior Market Auction.
11. If any animal is condemned at slaughter for any reason, the exhibitor will not receive payment for the animal and must accept the consequences without recourse against the Arizona National Livestock Show.

U.S.D.A. WHOLESOME MEAT ACT

12. The U.S.D.A. Wholesome Meat Act applies to all slaughter animals at this show. The Act requires the following:
Antibiotic, Sulfonamides and other approved drugs have required withdrawal periods.
Drug label directions must be followed.
If drug or chemical residues are found in carcass tissue and the carcass is condemned, the exhibitor will reimburse the Arizona National all premium moneys, forfeit sale proceeds from that animal and may be barred from future shows.

JUNIOR DIVISION

Please consult your project leader if you do not understand any of these statements.

U.S.D.A.- Health regulations require that any market animal treated with drugs, pesticides or any other chemical must go through the prescribed withdrawal period as listed on the label. Therefore, it is important that exhibitors determine the type of treatments used if the animals must be dipped or treated prior to leaving the point of origin. The Arizona National Stock Show will not accept market or carcass animals treated with ivermectin after the November 15 immediately prior to the show.
NO EXCEPTIONS!

Wholesome Assurance Statement.- The use by non-veterinarians* of animal drugs or other substances in any manner other than in accord with the labeling approved by FDA is a violation of federal law. Any food animal must not exceed FDA/EPA/USDA-established tolerances for any foreign substance including drugs, pesticides, feed additives, or other chemicals. Violative results of residue testing are subject to investigation by USDA and FDA for prosecution. Any misrepresentation of a food animal that can potentially affect the acceptability of the carcass or milk will be considered fraud.

***NOTE:** Abuse of the extra-label privilege by veterinarians is unethical and is subject to serious consequences such as license revocation.

MULTIPLE CHOICE

One reason producers continue to make Allflex the #1 system for livestock identification is the choices our system provides.

Allflex lets you choose different sizes, shapes and colors of tags, to create unique record-keeping programs. The System also allows for custom stamping, and all tags are available blank for

marking with the Allflex Marking Pen.

You can choose the applicator, too. The industry's standard Total Tagger™ or the Allflex exclusive Retract-O-Matic™ that powers the pin out before the animal can react.

With Allflex, it's always your choice!

PLEASE READ THEM CAREFULLY.

The objective of the Arizona Working Ranch Horse Competition is to provide a contest for horses from true working cattle ranches in Arizona. Entries for the event will be by invitation only. Only Arizona ranches whose primary interest is the production of beef cattle and horses will be invited. The Arizona National Stock Show reserves the right to accept or reject any entry at its sole discretion. Number of entries will be limited to sixteen (16) selected by lottery of entries received.

ENTRIES

1. Entry Deadline. Entries and entry fee must be received in the Show office by October 1.
2. The number of entries accepted will be limited to a total of 16, selected by lottery from the entries received. Entry fees from those selected will be returned.
3. Entries are limited to one horse per ranch.
4. The contest is open to horses of any sex, age or breed. Horses need not be registered with a breed association.
5. Horses must be owned in the name of the ranch, the ranch owner or an employee of the ranch. The horse must be primarily used on the ranch for ranch work.

CONTEST FORMAT

Each horse will perform a sequence of events. The Judges and/or Committee may alter the events at their sole discretion.

1. Drywork (40 points) Rider will have a total of 5 minutes to demonstrate the horses abilities in this area. At a minimum, rider and horse will complete the following tasks, and may perform additional tasks to demonstrate other talents of the horse.

- a. Loading and Unloading (limited to 2 minutes). Each horse will be led through a gate into the arena, bridled and saddled with rope attached to the saddle. The contestant will then lead the horse to a trailer parked in the arena, load the horse and close the tail gate. The contestant will then open the tail gate and unload the horse.

The trailer will be an open top cattle trailer with full width tail gate. Judges will penalize for horse hesitating to load or unload. Horse backing out of trailer on voice command shall be awarded.

- b. Ground Tie and Feet Pickup. The rider will lead the horse to the center of the arena and drop the reins to the ground (ground tie). With horse ground tied,

HORSE DIVISION

the rider will pick up each of the four feet of the horse in any order chosen by the rider. Judges will penalize for rider not dropping the reins to the ground, horse not standing still, or rider not picking up all four feet.

- c. Handling Ability The rider will mount and begin his workout by performing two figure eights at a lope and of sufficient size to demonstrate the horse's ability to change leads. At the completion of the last circle, the horse is to run straight down the side of the arena past center and slide to a stop. The rider will back the horse in a straight line a minimum of 15 feet.

2. Cattle Work (25 points). Time limit of 1 1/2 minutes per steer.

- a. The rider will ride into a group of numbered steers being held at one end of the arena. An official will call out a number and the rider must separate that steer from the herd. Time will start when the rider enters the herd. The rider must drive the steer across a line at the opposite end of the arena and hold it there under control with total time not to exceed 1 1/2 minutes. At the end of the 1 1/2 minutes, the official will blow a whistle indicating the time limit on the first steer has expired. Whether the rider has successfully held the steer or not, he must allow the steer to return to the herd. A second number will be called out and the rider will again have 1 1/2 minutes to sort and hold that steer in the same manner as the first steer. Credit will be given for sorting and controlling two steers.

3. Rope and Drag (25 points).

- a. The rider will ride into a group of number cattle being held at one end of the arena. An official will call out a number and the rider has the option of roping the steer in the herd or bring it out of the herd before roping it.
