OFFICE OF THE GOVERNOR
STATE CAPITOL, WEST WING
PHOENIX, ARIZONA 85007

September 1, 2004

Greetings,

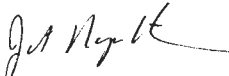

As the Governor of Arizona, I would like to extend a warm welcome to the exhibitors planning to attend the 57th Annual Arizona National Livestock Show. Despite our rapid growth, Arizona maintains a sincere appreciation for the agriculture and livestock industries upon which this State was founded.

The Arizona National Livestock Show is an exciting event for the whole family to enjoy. Festivities include shows and activities aimed at supporting youth and promoting education of livestock and agriculture. Providing a variety of events for Arizona spectators and the many out of state exhibitors is a tradition to be proud of and everyone involved should be commended.

I hope that during your visit, each of you will take the opportunity to enjoy Arizona's warm hospitality and unique culture. You will surely discover that Arizona is a special place to visit and there's no place on earth quite like the Grand Canyon State.

Once again, welcome and best wishes for a successful event!

Yours very truly,

Janet Napolitano
Governor

Dear Exhibitors,

Preparations are well underway for the 57th Arizona National Livestock Show. We are pleased with the recent growth of the Show and we look forward to this trend continuing. Our warm hospitality and pleasant Arizona winter weather can't be found anywhere else!

We offer a variety of activities in addition to the Junior and Open Livestock Shows. ANLS hosts Collegiate as well as Junior Livestock Judging Contests, FFA Public Speaking, the Farm Experience, Cowboy Classics Western Art & Gear Show and a Ranch Rodeo, just to name a few. Join us as we bring in the New Year at the annual ANLS New Year's Eve Bash. Exhibitors of all ages and their families are welcome. It's definitely proven to be an event you don't want to miss.

Included in our Premium Book, you'll find various accommodations and attractions to assist you in planning your visit to Phoenix.

ANLS partners with our sponsors to bring you the best value and service around. Please support these businesses, that through your patronage, make the Show possible.

We look forward to your visit to the Arizona National Livestock Show.

Sincerely,

Galyn Knight

INTERPRETATION

7. The Arizona National Show Committee reserves the final and absolute right to interpret all rules and regulations, arbitrarily settle and determine all matters, questions and differences in regard to or arising out of or connected with this Show, and the right to amend or to add to these rules as it is determined necessary. 14. Only animals participating in the Show are permitted to be on the Fairgrounds during the Show.

UNETHICAL FITTING

15. Exhibitors are prohibited from showing unethically fitted livestock or livestock of an ineligible age for exhibition. Unethical fitting is any method altering the natural conformation of any part of the animal's body. Animals will be disqualified, if in the opinion of the judge or show management, the animal displays signs of having been operated on or tampered with to conceal faults in conformation or to misrepresent the soundness of the animal.

JUDGES

16. The reputation and ability of a judge is considered during the selection process. Judges may have to explain their placings. This is part of the educational process which assists exhibitors and livestock producers to improve their herds.
17. The decisions of judges are final. When fraud, misrepresentation, error or collusion is discovered, the Show Management or appointed referee may change final placement.

PROTESTS

18. A written protest must be delivered to the appropriate Division Superintendent within six hours of a protested occurrence. A \$50 deposit must accompany the protest. The deposit will be forfeited if the protest is not sustained. Protests will be adjudicated by the Show Committee, whose decision is final.

PARADES AND CONTESTS

19. Exhibitors must ascertain when their livestock will be judged. Animals must be in the ring promptly after being called. Exhibitors failing to comply with this rule may have their animals excluded from competition.

20. If an exhibitor chooses not to show an animal in a class or lot, he/she must notify the Division Superintendent before the class is called.
21. Exhibitors will parade their animals as requested by the Show Management.
22. In order to provide meaningful judging contests, Show Management reserves the right to select exhibitor's animals for use in such contests. Animals will be returned to their pen or stall after the contest.

PREMIUMS AND AWARDS

ALL GENERAL RULES & REGULATIONS AND CATTLE HEALTH REQUIREMENTS APPLY

American Angus Association Participation Statement

1. The American Angus Association, 3201 Frederick Avenue, St. Joseph, Missouri, will participate in premiums offered for open class Angus breeding cattle classes according to the premium schedule based on the number of head shown. The Association's contribution will be included in the premium check issued by the show.
2. A minimum of 50 head must be shown in the open class division to receive American Angus Association premium participation for the following year.
3. Premiums from the association are paid only to registered Angus cattle and only if the registration number is a part of the show report provided to the Association. Therefore, all cattle should be registered at the time of entry to make certain they receive the association's portion of premiums. The association does not pay a percentage on premiums offered in championship classes.
4. **Exhibitors must have the original registration certificate on each animal available for inspection at the show.** Any animal, upon check-in, which does not have a legible tattoo corresponding to its registration certificate, is ineligible to show. Once disqualified due to an incorrect or illegible tattoo, animals cannot be re-tattooed and rechecked at the show.
5. Any female shown with calf at side, calf must be the cow's most recent natural calf and the calf must be registered by show date and have the original registration certificate at check in.
6. Only one person at a time shall lead animals into the show ring.
7. Any product administered internally or used externally to alter the conformation and/or appearance of an animal for exhibition is prohibited. This includes the covering of white skin, false tail heads (or use of any false hair), use of graphite, powders, hemp or other similar substances externally and steroids, growth stimulants or artificial filling internally. Any animal found to be in violation will be barred from showing. The exhibition of cattle displaying false hair will not be allowed, with the exception of false tail switches.
8. For an exhibitor to be eligible at shows for premium moneys contributed by the American Angus Association, each exhibitor is subject to Part 3, Section IX of the Association's rules entitled "Eligibility, Conformation and Structure of Animals Presented for Exhibition". *Included in this is rule 11: "Effective July 1,*

2004 no exhibitors, individuals assisting exhibitors or member owners at any show for which the American Angus Association appropriates funds toward the payment of premiums shall be allowed to use products contained in or dispensed from aerosol cans on any animals exhibited at such shows."

9. DNA marker or blood type for parentage verification – Under the Association Rules each animal for which entry application (registration) is received, may be subjected to a DNA marker type or blood type test to verify ACCURACY of PARENTAGE as covered under Association Rules. Staff of the American Angus Association must supervise the collection of DNA or blood samples. Animals are often sampled at shows, fairs or events where the American Angus Association contributes premiums or where Association personnel participate.
10. If a recorded parent is excluded (as a parent) as a result of DNA or blood type, the owner may request, at his own expense, the Association to determine the actual parent. Failure to determine the sire and dame disqualifies the animal's eligibility in the Angus herd book, and the registration certificate becomes null and void.
11. All other general and division rules of this Show apply.

ALL GENERAL RULES & REGULATIONS AND CATTLE HEALTH REQUIREMENTS APPLY

ELIGIBILITY OF EXHIBITS

1. Animals must be registered with the International Brangus Breeders Association (IBBA) to be eligible to compete. The registration certificate (or scramble marked photocopy) for each entry must be available for presentation to the superintendent or show manager at the time entries are verified prior to judging.
2. The IBBA and its representatives have the authority to require such tests as they deem necessary to verify the accuracy of the classification and pedigree of exhibited Brangus animals. Said authority shall extend to, and cover the enforcement of, all show rules as adopted by the IBBA.
3. The registration number, permanent animal identification number (tattoo or brand), birthdate and sire of each animal entered in an individual class must be listed on the entry form.
4. Animals eligible to be shown in group classes must be entered and shown in respective individual classes.
5. Prior to check-in, heads of breeding animals must be clipped of all hair (including topknots) and be free of scurs and/or slick spots.
6. An animal found to have scurs and/or slick spots, or evidence of incisions, surgical or otherwise, in the following areas: head, testicles, sheath, navel or dewlap, will be disqualified from showing.
7. Any animal upon check-in which does not have a legible tattoo or brand corresponding to its registration certificate is ineligible to show. Once disqualified due to incorrect or illegible tattoo/brand, animals cannot be re-tattooed and rechecked at the show. The brand/tattoo can be corrected and rechecked at the next available show.
8. Any Brangus animal recorded in the IBBA registry that has a "Parentage Dispute" listed in its first three-generation pedigree is ineligible for participation in Brangus shows and exhibitions. If the dispute is resolved, the listing will be removed from the pedigree and show eligibility will be restored.
9. In IBBA sanctioned shows, no animal may be shown that has been artificially filled with any amount of liquid at any time once the animal enters the grounds of a show. The fitter or ranch entity involved with an animal artificially filled will be banned from the show ring for one year, and the animal will be

disqualified from exhibition at that particular show. The official show veterinarian may administer liquids orally, if so needed, without disqualifying animal(s) from exhibition.

10. No animal may be shown that has foreign objects glued to or otherwise attached, in a manner so as to alter its conformation or change its appearance. Tail ties and hair nets used on the tail and switch are the only exceptions.
11. **All Brangus bulls 15 months and older that are exhibited at IBBA-sponsored show (four national shows) must have passed a fertility exam administered by a licensed veterinarian to be eligible to show. Exam results should be sent to IBBA where they will be kept on file. Once a bull has a positive exam on file with IBBA, retesting is not required.**
12. **If an animal sells at public auction, the sale date becomes the date of ownership of that animal.**
13. Entries that have not complied with all of the above rules will not be eligible to show, to receive premium monies, or earn points in the IBBA's Show Sire of the Year, Show Bull of the Year, and Show Heifer of the Year awards.
14. All IBBA and IJBBA members will abide by the show rules as adopted. In addition, any show, fair, event or display in which Brangus cattle participate should follow these rules as adopted by IBBA. All Brangus entries are subject to the provision of a rule of IBBA entitled "Inspection of Exhibits".

INSPECTION OF EXHIBITS

1. The IBBA and its representatives have the authority to require such tests as they deem necessary to verify the accuracy of the classification and pedigree of exhibited Brangus animals. Said authority shall extend to and cover the enforcement of all show rules as adopted by IBBA.
2. Each exhibitor shall submit his or her registered Brangus cattle to such tests and examinations as requested and/or required by the IBBA, its authorized representatives, or those of the relevant show.
3. For, and in consideration of, the opportunity to participate in any Brangus function, each exhibitor hereby releases the IBBA, its officers, directors and representatives from negligence, any and all claims, suits, and judgements past, present, or future, arising from or connected with the administration or use of such test or examination and the resulting decisions therefrom.
4. **Dental Inspection:** All entries may be classified for judging on an age basis and should be entered in class according to age. Teeth may be inspected by a veterinarian designated by IBBA in order to determine whether dental development is within allowable limits for the class entered. If the veterinarian determines that, in his or her opinion, dental development exceeds maximum allowable limits, the animal shall be moved to an older class as determined by the veterinarian and shall remain in that class until determined otherwise by subsequent mouthing or favorable appeal to the IBBA Executive Committee. If it is not possible to move an animal, the animal may not be exhibited in such show.
5. Any exhibitor desiring to dispute or challenge the results of any such test, exam or show rule enforcement as applied to his or her animal shall do so in accordance with procedures established by the Rules of IBBA.
6. **Appeal:** An appeal from the decision of the veterinarian or IBBA-designated association representatives under sections 1 and 4 of the "Inspection of Exhibits" may be made to the Executive Committee of the IBBA if the following requirements are satisfied: 1) The appeal is in writing and is signed by

the appealing party, and 2) the appealing party files the written appeal with the IBBA Executive Committee as soon as possible after the veterinarian's or designated association representative's decision was made. If an appeal satisfying the foregoing requirements is filed with the IBBA Executive Committee, then said committee shall hold a hearing at which the appealing party, and the veterinarian or designated association representative whose decision is being appealed shall present statements and other evidence that are relevant to the matter, following which the Executive Committee shall render a decision which shall be final and conclusive.

IBBA BLOOD TYPING FOR PARENTAGE VERIFICATION

1. Each Brangus animal for which an entry application or registration is received may be subject to a blood typing test in order to verify both accuracy of parentage and blood type, according to Rules 1 and 2 of the International Brangus Breeders Association (IBBA) Inspection of Exhibits.
2. At selected shows and fairs, blood samples will be taken from all division champions and reserve division champions for the purpose of verifying parentage and blood type. Staff or representatives of IBBA will supervise the collection of blood samples which can be taken at shows, fairs and events where IBBA contributes premium money or where IBBA staff personnel participate. Costs of the blood typing procedure will be paid for by IBBA.
3. If a record parent is excluded (as a parent) as a result of blood typing, the owner of the animal may request, at his or her own expense, further determination of the actual parent. Failure to determine the sire and dam will result in the animal being listed in the IBBA Registry as a "Parentage Dispute," and the animal will be ineligible for future shows and exhibitions.

ALL GENERAL RULES & REGULATIONS, OPEN CATTLE RULES & REGULATIONS,
AND CATTLE HEALTH REQUIREMENTS APPLY

ENTRIES

1. The Feeder Steer entry deadline is NOVEMBER 15. See additional requirements in the General Rules and Regulations Section.
2. The entry fee is \$50.00 per pen, which includes a pen of three (3) head plus up to three (3) additional individuals for a total of six (6) head per entry.
3. Late Entries: At the discretion of Show Management, Late Entries may be accepted for fifteen (15) days following the entry deadline. If accepted, Late Entries will be charged double the amount of all fees, which includes Entry Fees, Blocking Chutes and Tie-outs. Show Management may decline any late entry without explanation.
4. Due to limited pen space, a maximum of thirty (30) entries will be accepted on a first come, first served basis. Entries and fees received after pen space is full will be returned.

ELIGIBILITY

5. Maximum average weight for the pen of three steers is 800 pounds.
6. Maximum weight for individual steers is 800 pounds.
7. All animals in a pen must carry the same brand, if branded.
8. Steers must be dehorned, castrated and halter broke.
9. Steers may be purebred, crossbred or grade with the appropriate breed class stated on the entry form.
10. Steers may be mouthed to verify age.

TIE OUTS

11. A limited number of tie-outs (4' width per head) are available to Feeder Steer and Sun Classic Heifer entries. Tie-outs may be used from 4:30 p.m. to 8:00 a.m. only. Exhibitors provide all bedding for tie-outs. Feeder Steers may only tie-out in the area designated for this division. No fitting of animals is allowed at the tie-outs.

SIFTING

12. Feeder Steers showing stagnation will be sifted.

CLASSING

13. Crossbred entries of an unusual genotype or unusually deceptive phenotype are classed by the Feeder Steer Committee taking into consideration:
 - a. The breed of the sire
 - b. Ascertainable genotype as provided by the exhibitor
 - c. Ascertainable phenotype shown by the steers
14. The Feeder Steer Committee may switch breed classes prior to judging if the pen does not display breed characteristics.

ALTERNATES

15. In the case of sickness of one of the steers entered in the pen of three, an alternate chosen from one of the individuals entered with that pen may be shown if that individual has the same breed characteristics as the entered pen. The Feeder Steer Superintendent must be notified of the substitution at least two hours prior to Show time.

CLASSES

16. Classes will be divided into equitable weight divisions for each breed. The number of classes depends on entries in each breed. The pen of three and the individuals will be divided and classed by the Feeder Steer Committee.

EARTAG & WEIGHIN

17. Feeder Steers will be ear tagged and weighed one time. This weight is used to class steers. There will be no weighbacks.
18. If a question arises about the weight of an animal, that animal will be taken off the scale, the scale checked and balanced, and the animal re-weighed immediately. The animal in question cannot leave the scale area until the dispute is settled. If an exhibitor leaves the scale area without registering a protest, the scale weight will be considered correct.
19. Ear tags must not be tampered with for any reason. If a tag is lost, contact the Feeder Steer Superintendent immediately so that it may be replaced.
20. All previous ear tags will be removed from steers during ear tagging at the Arizona National.
21. The livestock scale at the Agriculture Center is available to Feeder Steer exhibitors one day prior to the official weigh-in. Exhibitors should contact a Feeder Steer Committee member or Feeder Steer Office personnel for information. Weights taken at this time are NOT official.
22. The steers making up the pen of three must be identified when ear tagged. Other steers are assumed to be in the individual section of the Feeder Steer Show.

JUDGING

23. Judges are instructed to discriminate against Feeder Steers considered too fat to be profitable. For the pen of three, judges use the same criteria that a cattle buyer uses when purchasing steers for commercial purposes. Judging of individual steers is made on the basis of selecting prospective club calves.
24. There must be at least two first place winners in the Feeder Classes to hold a Breed Championship Class unless the judge deems another entry of championship quality.

ELECTRIC GENERATORS

25. Portable electric generators may NOT be operated during the Show or Sale.

AUCTION

26. The Sale Order is determined by the judge's placing of the steers.
27. Pen of three steers are sold by choice lot, on a per head basis. All individuals are sold on a per head basis following the pens.
28. ALL steers in the Feeder Steer Division will sell at Auction. NO Private Treaty Sales are allowed.
29. A 7% commission is charged on all sales and will be deducted from sale proceeds.
30. Terms of Sale are cash or check. Payment is to be made to the clerk on the day of the Auction. A valid drivers license is required on all checks.
31. All sales are final and binding.
32. Consignors to the Feeder Steer Sale will receive their checks through the mail as soon as possible after the close of the Show.

HEALTH CERTIFICATES AND PRIOR ENTRY PERMITS

11. A veterinarian's Health Certificate and Prior Entry Permit may be required. See the Health and Brand Requirements section. To obtain a Prior Entry Permit or for additional information, contact the Office of the Arizona State Veterinarian at (602) 542-4293 Monday through Friday between 8 am and 5 pm Mountain Standard Time

WHOLESOME MEAT CERTIFICATION

12. Exhibitors of market animals will be required to present a signed Wholesome Meat Certification for each animal to Show management at time of check-in. Both the exhibitor AND parent/guardian must sign the Certification. A Certification form will be mailed to exhibitors along with receipt of entry.

CHECK-IN

13. All Junior Exhibitors must check-in their own entries at the appropriate Division Barn Office and pick up an information packet prior to the check-in deadline. Check specific divisions for check-in deadline times.

EAR TAGGING & WEIGH-IN

14. At check-in, animals will be officially weighed one time only. If questions arise about the animal's weight, that animal will be taken off the scale, the scale checked and balanced, and the animal re-weighed immediately. The animal in question can not leave the scale area until the scale dispute is settled. If an exhibitor leaves the scale area without registering a protest, the scale weight is considered correct.
15. The Arizona National ear tag is the official entry number. Show officials must be notified immediately if an animal loses its ear tag.

STALLS/PENS

16. All animals in the Junior Show must be stalled in the designated stall or pen during the entire Show. Animals may not be removed from this area.
17. 4-H entries are stalled by Club or County. FFA entries are stalled by Chapter.

FITTING

18. Junior animals must be fitted in the designated area and cared for by the Junior Exhibitor.
19. Junior Exhibitors may receive assistance, provided the exhibitor is present at all times when assistance is given.

ELECTRIC GENERATORS

20. Electric generators are restricted to designated areas. No generators are allowed inside the Junior Barns.

SECURITY

21. Livestock Barns housing market swine, lambs and goats will be locked, with no access available between the hours of 10:00 pm and 5:00 am. This will begin the evening of check-in and continue through the date of the respective division's Show.

SIFTING

22. Division Committees may sift animals at any time for inferior quality and excessive shrinkage even though the animal made weight. Animals considered uncontrollable will be sifted immediately by the Division Committee.
23. At the time of judging, animals may be sifted by the judge for type, quality and finish. The decision of the judge will be final.

SHOW RING / SALE RING

24. Show numbers must be worn while showing animals in the ring. Junior Cattle and Swine Exhibitors must wear a show number harness. Junior Sheep and Goat Exhibitors must wear arm band numbers. Show numbers are provided. Harnesses will be available at the Feed Store on the grounds.
25. Animals bearing graffiti, glitter, ribbons, bows, articles of clothing or anything that distracts from the animal's natural appearance will not be allowed in the Show Ring or the Sale Ring.
26. Junior exhibitors represent their Club or Chapter as well as youth in Agriculture. Junior Exhibitors are required to wear appropriate attire, which is neat and clean when in the Show Ring or Junior Market Auction.

TESTING ENTRIES

27. The Arizona National will test the Grand and Reserve Grand Champions of each market species, and reserves the right to test any animal officially entered in the Show for any foreign substance including drugs, chemicals or feed additives.
28. When an exhibitor, parent, guardian, FFA Advisor or 4-H Leader signs the entry form, they are granting permission to the Arizona National to test the exhibitor's animal(s).
29. Test samples must be free of any identifiable or unidentifiable foreign substance, including drugs, chemicals or feed additives, unless otherwise established as permissible by the United States Department of Agriculture (USDA) or Food and Drug Administration (FDA).
30. The initial urine test performed by Show officials is paid for by the Arizona National. Further testing (i.e. tissue tests) will be at the exhibitor's expense.
31. Animals that test positive for an unapproved foreign substance, including drugs, chemicals or feed additives, will be disqualified and ineligible for premiums or sale proceeds. The disqualified animal's carcass will be disposed of.
32. If an animal is disqualified, changes will not be made to the placings of other animals. The owner of the disqualified animal and his/her immediate family members will be barred from competing in any future Arizona National Livestock Shows, and information may be shared with other fairs and livestock shows.

33. If residues from foreign substances, including drugs, chemicals or feed additives, are found in the carcass tissue of an animal sold through the Arizona National, the Arizona National will NOT be liable or responsible for condition of the carcass or sale price of the animal.

PRIVATE TREATY SALES

34. No Private Treaty Sales are allowed.

MARKET LIVESTOCK QUALITY ASSURANCE

35. All exhibitors of Junior Market Steers, Lambs, Goats and Swine must comply with the USDA Wholesome Meat Act, the National Code of Show Ring Ethics and the Wholesome Assurance Statement as published herein. Health Regulations of the United States Department of Agriculture require that animals treated with drugs, pesticides or any other chemical must go through the prescribed withdrawal period as listed on the label. Therefore, it is important that exhibitors determine the type of treatments used if the animals must be dipped or treated prior to leaving the point of origin.

USDA WHOLESOME MEAT ACT

36. The United States Department of Agriculture Wholesome Meat Act applies to the sale of market livestock sold during the Arizona National Livestock Show as follows:
 - a. Animals must be in good health and carcasses free of drug or chemical residues.
 - b. Antibiotics and sulfonamides have required withdrawal periods.
 - c. Before administering antibiotics and/or sulfonamides, consult a licensed practicing veterinarian, or label directions of the drug.
 - d. Drug label directions for use and withdrawal periods must be followed.
 - e. If drug or other chemical residues are found in tissue of carcasses, the entire carcass will be condemned.

If drug or other chemical residues are found in tissue of carcasses of animals sold through sale or sales connected with the Arizona National Livestock Show, the Show will in no way be liable or responsible for condition of carcass or sale price of animal. Exhibitor will forfeit all rights to the sale proceeds.

WHOLESOME ASSURANCE STATEMENT

The use of animal drugs or other substances by non-veterinarians in any manner other than in accordance with the labeling approved by FDA, is a violation of federal law.*

Food animals must not exceed FDA/EPA/USDA established tolerances for any foreign substance including drugs, pesticides, feed additives, or other chemicals.

Violative results of residue testing are subject to investigation by USDA and FDA for prosecution.

Any misrepresentation of a food animal that can potentially affect the acceptability of the carcass or milk will be considered fraud.

* Note: Abuse of the extra-label privilege by veterinarians is unethical and is subject to serious consequences such as license revocation.

PLEASE CONSULT YOUR PROJECT LEADER IF YOU DO NOT UNDERSTAND ANY OF THESE STATEMENTS

National Code Of Show Ring Ethics

As adopted by the Arizona National Livestock Show

Exhibitors of animals at livestock shows shall at all times deport themselves with honesty and good sportsmanship. Their conduct in this competitive environment shall always reflect the highest standards of honor and dignity to promote the advancement of agricultural education. This code applies to junior class exhibitors who compete in structured classes of competition. This code applies to all **junior** livestock offered in any event at a livestock show. In addition to the "National Code of Show Ring Ethics," fairs and livestock shows have rules and regulations which they impose on the local, county, provincial and national levels.

All youth leaders working with junior exhibitors are under an affirmative responsibility to do more than avoid improper conduct or questionable acts. Their moral values must be so certain and positive that those younger and more pliable will be influenced by their fine example. Owners, exhibitors, fitters, trainers and absolutely responsible persons who violate the code of ethics will forfeit premiums, awards and auction proceeds and shall be prohibited from future exhibition in accordance with the rules adopted by the respective fairs and livestock shows. Exhibitors who violate this code of ethics demean the integrity of all livestock exhibitors and should be prohibited from competition at all livestock shows in the United States and Canada.

The following is a list of policies for all junior exhibitors and all junior livestock in competitive events:

1. All exhibitors must present, upon request of fair and livestock show officials, proof of ownership, length of ownership and age of all animals entered. Misrepresentation of ownership, age or any facts relating thereto is prohibited.
2. Owners, exhibitors, fitters, trainers, or absolutely responsible persons shall provide animal health certificates from licensed veterinarians upon request by fair or livestock show officials.
3. Junior exhibitors are expected to care for and groom their animals while at fairs or livestock shows.
4. Animals shall be presented to show events where they will enter the food chain free of volatile drug residues. The act of entering an animal in a livestock show is the giving of consent by the owner, exhibitor, fitter, trainer and/or absolutely responsible person for show management to obtain any specimens of urine, saliva, blood, or other substances from the animal to be used in testing. Animals entered in an event which culminates with the animal entering the food chain shall not be administered drugs other than in accordance with applicable federal, state and provincial statutes, regulations and rules. Livestock shall not be exhibited if the drugs administered in accordance with federal, state and provincial statutes, regulations and rules affect the animal's performance or appearance at the event.

If the laboratory report on the analysis of saliva, urine, blood or other samples taken from livestock indicates the presence of forbidden drugs or medication, this shall be prima facie evidence such substance has been administered to the animal either internally or externally. It is presumed that the sample of urine, saliva, blood, or other substance tested by the laboratory to which it is sent is the one taken from the animal in question, its integrity is preserved and all procedures of said collection and preservation, transfer to the laboratory and analysis of the sample are correct and accurate and the report received from the laboratory pertains to the sample taken from the animal in question and correctly reflects the condition of the animal at the time the sample

was taken, with the burden on the owner, exhibitor, fitter, trainer, or absolutely responsible person to prove otherwise.

At any time after an animal arrives on the fair or livestock show premises, all treatments involving the use of drugs and/or medications for the sole purpose of protecting the health of the animal shall be administered by a licensed veterinarian.

5. Any surgical procedure or injection of any foreign substance or drug or the external application of any substance (irritant, counterirritant, or similar substance) which could affect the animal's performance or alter its natural contour, conformation, or appearance, except external applications of substances to the hoofs or horns of animals which affect appearance only and except for surgical procedures performed by a duly licensed veterinarian for the sole purpose of protecting the health of the animal, is prohibited.
6. The use of showing and/or handling practices or devices such as striking animals to cause swelling, using electrical contrivance, or other similar practices are not acceptable and are prohibited.
7. Direct criticism or interference with the judge, fair or livestock show management, other exhibitors, breed representatives, or show officials before, during, or after the competitive event is prohibited. In the furtherance of their official duty, all judges, fair and livestock show management, or other show officials shall be treated with courtesy, cooperation and respect and no person shall direct abusive or threatening conduct toward them.
8. No owner, exhibitor, fitter, trainer, or absolutely responsible person shall conspire with another person or persons to intentionally violate this Code of Ethics or knowingly contribute or cooperate with another person or persons either by affirmative action or inaction to violate this Code of Ethics. Violation of this rule shall subject such individual to disciplinary action.
9. The application of this Code of Ethics provides for absolute responsibility for an animal's condition by an owner, exhibitor, fitter, trainer, or participant whether or not he or she was actually instrumental in or had actual knowledge of the treatment of the animal in contravention of this Code of Ethics.
10. The act of entering an animal is the giving of consent by the owner, exhibitor, fitter, trainer, or absolutely responsible person to have disciplinary action taken by the fair or livestock show for violation of this Code of Show Ring Ethics and any other rules of competition of the fair or livestock show without recourse against the fair or livestock show. The act of entering an animal is the giving of consent that any proceedings or disciplinary action taken by the fair or livestock show may be shared with other fairs, livestock shows and organizations of fairs or livestock shows.
11. The act of entering an animal in a fair or livestock show is the giving of verification by the owner, exhibitor, fitter, trainer, or absolutely responsible person that he or she has read this National Code of Show Ring Ethics and understands the consequences of and penalties provided for actions prohibited by this code. It is further a consent that any action which contravenes these rules and is also in violation of federal, state, or provincial statutes, regulations or rules may be released to appropriate law enforcement authorities with jurisdiction over such infractions.

around the

taken for granted.
We can't allow the

Just as our constant water
supply serves as a tribute to our
1,300-mile canal network and six
reservoirs, it sometimes lets us forget
we are in an extended drought and our
reservoirs are less than half of capacity.
What can we do? Continue working together.
While we promise to never falter in managing
our Valley's water, we ask you to never
falter in conserving it. After all, if we

ARIZONA NATIONAL LIVESTOCK SHOW JUNIOR MARKET LAMB NOSE PRINTING INSTRUCTIONS

*ALL JUNIOR MARKET LAMB ENTRIES MUST INCLUDE A
NOSE PRINT AND SIGNED NOSEPRINT CARD ALONG WITH THE ENTRY FORM.*

PROCEDURE

1. Place the nose print card (or blank 3" x 5" index card) on a hard surface and secure with clips or rubber bands. A small piece of plywood or pressed board slightly larger than the card is recommended.
2. Dry the animal's nose with a cloth.
3. Press a black ink stamp pad to the animal's nose. There must be sufficient ink on the pad. Do not use an ink roller as they leave too much ink on the nose and smear the print.
4. Lightly press or tap the card to the surface of the animal's nose. Do not roll the card across the nose as that will smear the print.
5. Speed is very important. It works best to have two people taking nose prints, one person drying the nose and another person applying the ink and taking the nose print.
6. Make two (2) prints of the animal on each nose print card. The prints are to be side by side. A separate card is needed for each animal being entered. If using a blank index card, attach the index card with the nose prints to the completed nose print card and write the exhibitor name, animal name and animal breed on the back of the index card.
7. Smeared prints are, usually caused by moisture on the animal's nose prior to printing. Prints that are not legible will not be accepted.

CHAIRMAN: Sandy Eastlake

The objective of the Arizona Working Ranch Horse Competition is to provide a contest for horses from true working cattle ranches in Arizona. Entries for the event will be by invitation only. Only Arizona ranches whose primary interest is the production of beef cattle and horses will be invited. The Arizona National Livestock Show reserves the right to accept or reject any entry at its sole discretion. The number of entries will be limited to sixteen (16) and selected by lottery of entries received.

ENTRIES

1. Entry Deadline. Entry form and fee due in the Show office by **November 15**.
2. The number of entries accepted will be limited to a total of 16, selected by date the entries received. The entry fees from those not selected will be returned.
3. Entries are limited to one horse per ranch.
4. The contest is open to horses of any sex, age or breed. Horses need not be registered with a breed association.
5. Horse ownership must be in the name of the ranch, the ranch owner or an employee of the ranch. The horse must be primarily used on the ranch for ranch work.

CONTEST FORMAT

Each horse will perform a sequence of events. The Judges and/or Committee may alter the events at their sole discretion.

1. **Dry work (40 points)** Rider will have a total of 5 minutes to demonstrate the ability of the horse in this area. At a minimum, rider and horse will complete the following tasks, and may perform additional tasks to demonstrate other talents of the horse.
 - a. **Ground Tie and Feet Pickup:** The rider will lead the horse to the center of the arena and drop the reins to the ground (ground tie). With horse ground tied, the rider will pick up each of the four feet of the horse in any order chosen by the rider. Judges will penalize for rider not dropping the reins to the ground, horse not standing still, or rider not picking up all four feet.
 - b. **Handling Ability:** The rider will mount and begin his workout by performing two figure eights at a lope and of sufficient size to demonstrate the horse's ability to change leads. At the completion of the last circle, the horse is to run straight down the side of the arena past center and slide to a stop. The rider will back the horse in a straight line a minimum of 15 feet.
2. **Cattle Work (25 points).** Time limit of 1 1/2 minutes per steer.
 - a. The rider will ride into a group of numbered steers being held at one end of the arena. An official will call out a number and the rider must separate that steer from the herd. Time will start when the rider enters the herd. The rider must drive the steer across a line at the opposite end of the arena and hold it there under control, with total time not to exceed 1 1/2 minutes. At the end of the 1 1/2 minutes, the official will blow a whistle indicating the time limit on the

first steer has expired. Whether the rider has successfully held the steer or not, he must allow the steer to return to the herd. A second number will be called out and the rider will again have 1 1/2 minutes to sort and hold that steer in the same manner as the first steer. Credit will be given for sorting and controlling two steers.

3. Rope and Drag (25 points).

- a. The rider will ride into a group of numbered cattle being held at one end of the arena. An official will call out a number and the rider has the option of roping the steer in the herd or bringing it out of the herd before roping it. Credit will be given for not distributing the herd while getting the steer in position. The rider will have two loops only to catch his steer, after which the whistle will be blown.
 - b. Once the steer is caught, the rider shall lead, drag or drive the steer to a small pen located at that end of the arena and put the steer in the pen. Unnecessary roughness will be penalized.
 - c. Once in the pen, assistants will help the contestant remove his rope.
- ### 4. Gate Open and Close (10 points)

5. Contestants must use the same saddle tack (breast collar, flank cinch, tie down, etc.) for all events. Stripping a saddle will result in disqualification.
6. A team will be disqualified for dragging roped cattle or any other unnecessary roughness.
7. All decisions by Judges are final.

CONTEST FORMAT

HORSE CATCHING: 5 minute time limit

Each team must supply four (4) saddle horses for this event. The team shall unsaddle three horses in the arena by the catch pen and turn the three horses loose in the pen. The designated roper must use a hoolihan loop to rope each of the team's horses and lead each horse out of the pen. Once each horse is led out of the pen, team members will saddle each horse. Team members, other than the roper, **CAN NOT** step inside the pen for any reason. The roper's horse shall remain saddled and will be hobbled outside the catch pen. After the roper mounts his horse, the remaining team members will

mount their horses. No horses can be mounted until the roper mounts his horse. The roper must carry the rope across the finish line. Once mounted, all four (4) team members ride to the FINISH LINE at the opposite end of the arena. The time clock stops when the last team member crosses the line.

RANCH CUTTING: 4½ minute time limit

A herd of cattle will be at one end of the arena. The herd consists of three (3) marked head per team competing. Each team will cut their three head of cattle and pen them in a pen at the opposite end of the arena. Only one person, the cutter, will be allowed in the herd. Team members may not cross the chalk line between the pen and the herd. The time clock starts when the cutter crosses the chalk line to begin cutting. The time clock ends when all three cattle are penned, the gate closed and all loose cattle are behind the chalk line. If the time limit is reached, time will be the time limit plus 60 seconds for each animal not penned.

TEAM BRANDING: 3 minute time limit

Each team will brand two (2) head of calves. Both calves must be branded on the same side. All calves will be roped and dragged from the herd (one by the head and the other by the heels). The designated roper will drag the roped calf out of the herd and across the chalk line. The other three (3) team members will flank the calf, one team member must sit on the calf and one member will then brand the calf. The time clock starts when the roper first crosses the chalk line and ends when the second calf is branded and all other cattle are behind the chalk line. The roper cannot rope the same calf twice. A head catch with one front leg is a legal head catch.

TEAM TYING: 2 ¼ minute time limit

One steer will be marked for each team. One member will be designated as the cutter and the remaining team members will be designated as ropers. The cutter will cut out the identified steer. When the steer has been cut from the herd, he will be roped by the head and by the heels by any two of the remaining team members. A maximum of four loops may be thrown. Once the steer has been roped, team will tail the steer down, and tie three legs. All team members may help tie. The steer has to remain tied for six seconds. The time clock starts when the cutter crosses the chalk line and ends when the steer has been tied and all loose cattle are behind the chalk line.

CALF DOCTORING: 2 minute time limit

One calf will be marked for each team. A designated roper will cut out the identified calf. The roper will rope the calf after it has crossed the chalk line. After the calf is roped, two team members will dismount, one will flank the calf and remove the rope. The other member (runner) will dismount and get the chalk from a designated location. The rope must be off the calf and all other cattle behind the chalk line before the runner can mark the calf. The time clock starts when the roper first crosses the chalk line and ends when the runner has marked the calf. The chalk mark can be on any part of the calf. Marking the calf before the rope is off, or before the rest of the herd is behind the chalk line will result in a 60 second penalty.

SCORING: Points will be given for each event as follows: 1st place = 5 points, 2nd place = 4 points, 3rd place = 3 points, 4th place = 2 points, 5th place = 1 point. Any team not completing an event within the time limit will receive 1 point for that event. Total points will be added together to determine overall placing. Overall ties for 1st or 2nd place will be broken by a second round of Team Tying between the tied teams.

ARIZONA NATIONAL LIVESTOCK SHOW VOLUNTEERS

Volunteers are needed each year at the Arizona National Livestock Show. There are volunteer positions for all types of interests and for a variety of ages.

If you are:

- ◆ A mature adult who is friendly and enthusiastic, you might volunteer to work in the Arizona National Club where members socialize while enjoying food and beverages (immature adults will also be considered as Volunteers in the Club).
- ◆ Ten years old and full of energy, you could be a runner at the Junior Auction.
- ◆ Jr. High or older - help us promote agriculture facts at the Farm Experience.

For instance, if you prefer to:

- ◆ Stay more sophisticated, dress up a bit, and provide a friendly welcome.
- ◆ Get down and dirty, you might be interested in helping work cattle at the AQHA Horse Show.

WOULD YOU LIKE TO KNOW MORE ABOUT VOLUNTEERING?

If your answer is "YES" please contact the Arizona National Livestock Show Office
