INTERPRETATION

CONDUCT

In the furtherance of their official duty, all judges, livestock show management, or other show officials shall be treated with courtesy, cooperation and respect and no person shall direct abusive or threatening conduct toward them.
15. Only animals participating in the Show are permitted to be on the Fairgrounds during the Show.

UNETHICAL FITTING

17. Exhibitors are prohibited from showing unethically fitted livestock or livestock of an ineligible age for exhibition. Unethical fitting is any method altering the natural conformation of any part of the animal's body. Animals will be disqualified, if in the opinion of the judge or show management, the animal displays signs of having been operated on or tampered with to conceal faults in conformation or to misrepresent the soundness of the animal.
18. No change to the major color pattern of the animal will be allowed including painting or dyeing. Other than dressing on the hooves, no grooming material that allows color to come off of animal will be allowed. The addition of any hair or hair like material to the animal's body, other than false tail switches, will not be permitted. Violations will result in disqualification of the animal.

DRENCHING

19. No drenching or otherwise filling of animals by any artificial means will be allowed.

JUDGES

20. The reputation and ability of a judge is considered during the selection process. Judges may have to explain their placings. This is part of the educational process which assists exhibitors and livestock producers to improve their herds.

21. The decisions of judges are final. When fraud, misrepresentation, error or collusion is discovered, the Show Management or appointed referee may change final placement.

PROTESTS

22. A written protest must be delivered to the appropriate Division Superintendent within six hours of a protested occurrence. A \$200 deposit must accompany the protest. The deposit will be forfeited if the protest is not sustained. Protests will be adjudicated by the Show Committee, whose decision is final.

23. Exhibitors must ascertain when their livestock will be judged. Animals must be in the ring promptly after being called. Exhibitors failing to comply with this rule may have their animals excluded from competition.
24. If an exhibitor chooses not to show an animal in a class, he/she must notify the Division Superintendent before the class is called.
25. Exhibitors will parade their animals as requested by the Show Management.
26. In order to provide meaningful judging contests, Show Management reserves the right to select exhibitor's animals for use in such contests. Animals will be returned to their pen or stall after the contest.

PREMIUMS AND AWARDS

27. Premiums and awards are stated in the Rules and Regulations of specific Divisions.
28. ANLS may apply premium proceeds to amounts owed by an exhibitor, owner or their immediate family members. If such amounts owed are deducted from premium proceeds, a \$25.00 administrative fee will be deducted. Premiums will be paid as soon as possible after the Show.
29. Premium checks are mailed by January 31. If not received by February 15, please call the ANLS office. Premium checks are made out to the owner as named on the entry form. Total premiums of \$600 or more to any individual will be paid only after the Show receives a completed IRS Form W-9. Checks not cashed within sixty (60) days of the date of issue are void and will NOT be reissued.

In addition to the following Arizona National Livestock Show health requirements, all livestock moved into and within the State are subject to rules and regulations of the Arizona Department of Agriculture. Contact the Office of the Arizona State Veterinarian at (602) 542-4293 for any additional requirements. **No animal may be entered in the Show that is currently under quarantine for, or recently exposed to, infectious or contagious disease, or has mange, lice, ringworm, abscesses or ulcerations.**

NOTICE TO MARKET ANIMAL EXHIBITORS

USDA health regulations require that market animals treated with drugs, pesticides or any other chemical must go through the prescribed withdrawal period as listed on the label. Therefore, it is important that exhibitors determine the type of treatments used and proper withdrawal time if the animals must be dipped or treated prior to leaving the point of origin.

Exhibitors of market animals will be required to present a signed wholesome meat certification to Show Officials at weigh-in. The Certification will state that the animal is not adulterated within the meaning of the Federal Food, Drug, and Cosmetic Act or the Wholesome Meat Act including the following:

AMERICAN ANGUS ASSOCIATION SPECIAL RULES

1. The American Angus Association, 3201 Frederick Avenue, St. Joseph, Missouri, will participate in premiums offered for open class Angus breeding cattle classes according to the premium schedule based on the number of head shown. The premium assistance provided by the American Angus Association for participation in this show is in addition to the premiums offered by the show itself. The premium assistance should not be used to offset show expense and shall be included in the premium payments distributed by the show to the exhibitors.
2. A minimum of 50 head must be shown in the open class division to receive American Angus Association premium participation for the following year.
3. Premiums from the Association are paid only to registered Angus cattle and only if the registration number is a part of the show report provided to the Association. Therefore, all cattle should be registered at the time of entry to make certain they receive the association's portion of premiums. The Association does not pay on championship or any group classes, (i.e. get-of-sire, junior get-of-sire or breeder six-head).
4. Exhibitors must have the original registration certificate on each animal available for inspection at the show. Electronically stored registration certificates are NOT accepted – only the original certificates issued by the American Angus Association. Any animal, upon check-in, which does not have a legible permanent identification mark (ear tattoo marks, freeze-branded marks or hot-branded marks) corresponding to the permanent identification mark on the registration certificate, is ineligible to show. Once disqualified due to an incorrect or illegible permanent identification mark, animals cannot be re-tattooed and rechecked at the show.
5. Any female shown with calf at side, the calf must be the cow's most recent natural calf and the calf must be registered by show date and have the original registration certificate at check in.
6. Only one person at a time shall lead animals into the show ring.
7. Exhibitors who participate in shows that accept premium monies contributed by the American Angus Association are subject to the Association Rules as found in the Breeders Reference Guide of the Association. These rules are found in Part 2; Association Rules. The rules relating directly with the exhibition of Angus cattle are Part 2: Association Rules; Rule 800 Series; including Rule 800 - 811. These rules can be found at www.angus.org.
8. Any product administered internally or used externally to alter the conformation and/or appearance of an animal for exhibition is prohibited. This includes the covering of white skin, false tail heads (or use of any false hair), use of graphite, powders, hemp or other similar substances externally and steroids, growth stimulants or artificial filling internally. Any animal found to be in violation will be barred from showing. The exhibition of cattle displaying false hair will not be allowed, with the exception of false tail switches.

9. At any show for which the American Angus Association appropriates funds toward the payment of premiums, no exhibitors, individuals assisting exhibitors or member owners at such show shall be allowed to use any coloring agents, on any animal exhibited. The Association may adopt and implement various tests designed to monitor this prohibition, including but not limited to a "white towel" or "white glove" test. No aerosol cans or other pressurized containers will be allowed in designated make up areas.
10. All animals exhibited are subject to DNA marker or blood type test to verify accuracy of parentage as covered under the Association Rules and for other testing as required by the individual show.
11. Authorized representatives of the Association have the authority to enforce the rules set forth herein as well as in the Association Rules, including the barring of a registered animal from a livestock show at which it is to be shown, if there are reasonable grounds to believe a violation has occurred.
12. Any classes listed in the classifications, which exceeds 15 head per class, should be broken into smaller classes. This should be accomplished by dividing the class as evenly as possible without splitting animals with the same birth date. Class breaks will be at the discretion of the American Angus Association staff in attendance.
13. Only registered Angus cattle that meet the age requirements listed within this classification are eligible to receive premium participation and be counted In the total number of head shown - Champion and Reserve Champion placings are not counted in number of head shown

TOTAL PREMIUMS OFFERED\$5,680.00

All General Rules, Regulations and Cattle Health Requirements Apply

1. Animals must be registered with the International Brangus Breeders Association (IBBA) to be eligible to compete in an IBBA sponsored show. Animals recorded in the IBBA appendix registry are disqualified. The registration certificate (or photocopy) for each entry must be available for presentation to the superintendent or show manager at the time entries are verified prior to judging.
2. The IBBA and its representatives have the authority to require such tests as they deem necessary to verify the accuracy of the classification and pedigree of exhibited Brangus animals. Said authority shall extend to, and cover the enforcement of, all show rules as adopted by the IBBA.
3. The registration number, permanent animal identification number (tattoo or brand), birthdate and sire of each animal entered in an individual class must be listed on the entry form.
4. Animals eligible to be shown in group classes must be entered and shown in respective individual classes.
5. Prior to check-in, heads of breeding animals must be clipped of all hair (including topknots) and be free of scurs and/or slick spots.
6. An animal found to have scurs and/or slick spots, or evidence of incisions, surgical or otherwise, in the following areas: head, testicles, sheath, navel or dewlap, will be disqualified from showing. Animals with illegal white (white in front of the navel) or any indication of brindling (a color pattern characterized by red streaks mingled with black) are ineligible for show. Any animal upon check-in which does not have a legible tattoo or brand corresponding to its registration certificate is ineligible to show. Once disqualified due to incorrect or illegible tattoo/brand, animals cannot be re-tattooed and rechecked at the show. The brand/tattoo can be corrected and rechecked at the next available show.
7. Any Brangus animal recorded in the IBBA registry that has a "Parentage Dispute" listed in its first three-generation pedigree is ineligible for participation in Brangus shows and exhibitions. If the dispute is resolved, the listing will be removed from the pedigree and show eligibility will be restored.
8. In IBBA sanctioned shows, no animal may be shown that has been artificially filled with any amount of liquid at any time once the animal enters the grounds of a show. The fitter or ranch entity involved with an animal artificially filled will be banned from the show ring for one year, and the animal will be disqualified from exhibition at that particular show. The official show veterinarian may administer liquids orally, if so needed, without disqualifying animal(s) from exhibition.
9. No animal may be shown that has foreign objects glued to or otherwise attached, in a manner so as to alter its conformation or change its appearance. Animals unethically fitted to alter the conformation or appearance of the animal will be disqualified. Tail ties and hair nets used on the tail and switch are the only exceptions.
10. All Brangus bulls 15 months and older that are exhibited at IBBA-sponsored show must have passed a fertility exam administered by a licensed veterinarian to be eligible to show. The results of the examination must be available at

check-in. Once a bull has a positive exam, retesting is not required.

11. All females 20 months of age or older exhibited at IBBA sanctioned shows, must have available at the time of check-in, a certificate of pregnancy issued by an accredited, non-owner veterinarian, or blood test results certificate. If the female is open due to being in an embryo transfer program, this fact must be verified in a written statement by a non-owner embryologist. If verification cannot be produced, the female may be allowed to participate if the exhibitor can produce a qualified veterinarian to examine the female at the show site and verify pregnancy.
12. Entries that have not complied with all of the above rules will not be eligible to show, to receive premium monies, or earn points in the IBBA's Show Sire of the Year, Show Bull of the Year, and Show Heifer of the Year awards.
13. All IBBA and IJBBA members will abide by the show rules as adopted. In addition, any show, fair, event or display in which Brangus cattle participate should follow these rules as adopted by IBBA. All Brangus entries are subject to the provision of a rule of IBBA entitled "Inspection of Exhibits".

INSPECTION OF EXHIBITS

1. The IBBA and its representatives have the authority to require such tests as they deem necessary to verify the accuracy of the classification and pedigree of exhibited Brangus animals. Said authority shall extend to and cover the enforcement of all show rules as adopted by IBBA.
2. Each exhibitor shall submit his or her registered Brangus cattle to such tests and examinations as requested and/or required by the IBBA, its authorized representatives, or those of the relevant show.
3. For, and in consideration of, the opportunity to participate in any Brangus function, each exhibitor hereby releases the IBBA, its officers, directors and representatives from negligence, any and all claims, suits, and judgments past, present, or future, arising from or connected with the administration or use of such test or examination and the resulting decisions there from.
4. Dental Inspection: All entries may be classified for judging on an age basis and should be entered in class according to age. Teeth may be inspected by a veterinarian designated by IBBA in order to determine whether dental development is within allowable limits for the class entered. If the veterinarian determines that, in his or her opinion, dental development exceeds maximum allowable limits, the animal shall be moved to an older class as determined by the veterinarian and shall remain in that class until determined otherwise by subsequent mouthing or favorable appeal to the IBBA Executive Committee. If it is not possible to move an animal, the animal may not be exhibited in such show.

5. Any exhibitor desiring to dispute or challenge the results of any such test, exam or show rule enforcement as applied to his or her animal shall do so in accordance with procedures established by the Rules of IBBA.
6. Appeal: An appeal from the decision of the veterinarian or IBBA-designated association representatives under sections 1 and 4 of the "Inspection of Exhibits" may be made to the Executive Committee of the IBBA if the following requirements are satisfied: 1) The appeal is in writing and is signed by the appealing party, and 2) the appealing party files the written appeal with the IBBA Executive Committee as soon as possible after the veterinarian's or designated association representative's decision was made. If an appeal satisfying the foregoing requirements is filed with the IBBA Executive Committee, then said committee shall hold a hearing at which the appealing party, and the veterinarian or designated association representative whose decision is being appealed shall present statements and other evidence that are relevant to the matter, following which the Executive Committee shall render a decision which shall be final and conclusive.

IBBA BLOOD TYPING FOR PARENTAGE VERIFICATION

1. Each Brangus animal for which an entry application or registration is received may be subject to a blood typing test in order to verify both accuracy of parentage and blood type, according to Rules 1 and 2 of the International Brangus Breeders Association (IBBA) Inspection of Exhibits.
2. At selected shows and fairs, blood samples will be taken from all division champions and reserve division champions for the purpose of verifying parentage and blood type. Staff or representatives of IBBA will supervise the collection of blood samples which can be taken at shows, fairs and events where IBBA contributes premium money or where IBBA

- staff personnel participate. Costs of the blood typing procedure will be paid for by IBBA.
3. If a record parent is excluded (as a parent) as a result of blood typing, the owner of the animal may request, at his or her own expense, further determination of the actual parent. Failure to

determine the sire and dam will result in the animal being listed in the IBBA Registry as a "Parentage Dispute," and the animal will be ineligible for future shows and exhibitions.

Withdrawals can not be made after entries have been weighed and tagged.

- Angus
 - Hereford
 - Shorthorn
 - Maine-Anjou and Maine-Anjou Crosses

ALTERNATES

16. In the case of sickness of one of the steers entered in the pen of three, an alternate chosen from one of the individuals entered with that pen may be shown if that individual has the same breed characteristics as the entered pen. The Feeder Steer Superintendent must be notified of the substitution at least two hours prior to Show time.

CLASSES

17. Classes will be divided into equitable weight divisions for each breed. The number of classes depends on entries in each breed. The pen of three and the individuals will be divided and classed by the Feeder Steer Committee.

EAR TAG & WEIGH-IN

18. Feeder Steers will be ear tagged and weighed one time. This weight is used to class steers. There will be no weigh-backs.
19. If a question arises about the weight of an animal, that animal will be taken off the scale, the scale checked and balanced, and the animal re-weighed immediately. The animal in question cannot leave the scale area until the dispute is settled. If an exhibitor leaves the scale area without registering a protest, the scale weight will be considered correct.
20. Ear tags must not be tampered with for any reason. If a tag is lost, contact the Feeder Steer

Superintendent immediately so that it may be replaced.

21. All previous ear tags will be removed from steers during ear tagging at the Arizona National.
22. The livestock scale at the Agriculture Center is available to Feeder Steer exhibitors one day prior to the official weigh-in. Exhibitors should contact a Feeder Steer Committee member or Feeder Steer Office personnel for information. Weights taken at this time are NOT official.
23. The steers making up the pen of three must be identified when ear tagged. Other steers are assumed to be in the individual section of the Feeder Steer Show.

JUDGING

24. Judges are instructed to discriminate against Feeder Steers considered too fat to be profitable. For the pen of three, judges use the same criteria that a cattle buyer uses when purchasing steers for commercial purposes. Judging of individual steers is made on the basis of selecting prospective club calves.
25. There must be at least two first place winners in the Feeder Classes to hold a Breed Championship Class unless the judge deems another entry of championship quality.

ELECTRIC GENERATORS

26. Portable electric generators may NOT be operated during any Shows or Sales being held in the Agriculture Center.

AUCTION

27. The Sale Order is determined by the judge's placing of the steers.
28. Pen of three steers are sold by choice lot, on a per head basis. All individuals are sold on a per head basis following the pens.
29. ALL steers in the Feeder Steer Division will sell at Auction. NO Private Treaty Sales are allowed.
30. A 7% commission is charged on all sales and will be deducted from sale proceeds.
31. Terms of Sale are cash or check. Payment is to be made to the clerk on the day of the Auction. A valid drivers license is required on all checks.
32. All sales are final and binding.
33. Consignors to the Feeder Steer Sale will receive their checks through the mail as soon as possible after the close of the Show.

National Code Of Show Ring Ethics

As adopted by the Arizona National Livestock Show

Exhibitors of animals at livestock shows shall at all times deport themselves with honesty and good sportsmanship. Their conduct in this competitive environment shall always reflect the highest standards of honor and dignity to promote the advancement of agricultural education. This code applies to junior class exhibitors who compete in structured classes of competition. This code applies to all junior livestock offered in any event at a livestock show. In addition to the "National Code of Show Ring Ethics," fairs and livestock shows have rules and regulations which they impose on the local, county, provincial and national levels.

All youth leaders working with junior exhibitors are under an affirmative responsibility to do more than avoid improper conduct or questionable acts. Their moral values must be so certain and positive that those younger and more pliable will be influenced by their fine example. Owners, exhibitors, fitters, trainers and absolutely responsible persons who violate the code of ethics will forfeit premiums, awards and auction proceeds and shall be prohibited from future exhibition in accordance with the rules adopted by the respective fairs and livestock shows. Exhibitors who violate this code of ethics demean the integrity of all livestock exhibitors and should be prohibited from competition at all livestock shows in the United States and Canada.

The following is a list of policies for all junior exhibitors and all junior livestock in competitive events:

1. All exhibitors must present, upon request of fair and livestock show officials, proof of ownership, length of ownership and age of all animals entered. Misrepresentation of ownership, age or any facts relating thereto is prohibited.
2. Owners, exhibitors, fitters, trainers, or absolutely responsible persons shall provide animal health certificates from licensed veterinarians upon request by fair or livestock show officials.
3. Junior exhibitors are expected to care for and groom their animals while at fairs or livestock shows.
4. Animals shall be presented to show events where they will enter the food chain free of volatile drug residues. The act of entering an animal in a livestock show is the giving of consent by the owner, exhibitor, fitter, trainer

and/or absolutely responsible person for show management to obtain any specimens of urine, saliva, blood, or other substances from the animal to be used in testing. Animals entered in an event which culminates with the animal entering the food chain shall not be administered drugs other than in accordance with applicable federal, state and provincial statutes, regulations and rules. Livestock shall not be exhibited if the drugs administered in accordance with federal, state and provincial statutes, regulations and rules affect the animal's performance or appearance at the event.

If the laboratory report on the analysis of saliva, urine, blood or other samples taken from livestock indicates the presence of forbidden drugs or medication, this shall be prima facie evidence such substance has been administered to the animal either internally or externally. It is presumed that the sample of urine, saliva, blood, or other substance tested by the laboratory to which it is sent is the one taken from the animal in question, its integrity is preserved and all procedures of said collection and preservation, transfer to the laboratory and analysis of the sample are correct and accurate and the report received from the laboratory pertains to the sample taken from the animal in question and correctly reflects the condition of the animal at the time the sample was taken, with the burden on the owner, exhibitor, fitter, trainer, or absolutely responsible person to prove otherwise.

At any time after an animal arrives on the fair or livestock show premises, all treatments involving the use of drugs and/or medications for the sole purpose of protecting the health of the animal shall be administered by a licensed veterinarian.

5. Any surgical procedure or injection of any foreign substance or drug or the external application of any substance (irritant, counterirritant, or similar substance) which could affect the animal's performance or alter its natural contour, conformation, or appearance, except external applications of substances to the hoofs or horns of animals which affect appearance only and except for surgical procedures performed by a duly licensed veterinarian for the sole purpose of protecting the health of the animal, is prohibited.

6. The use of showing and/or handling practices or devices such as striking animals to cause swelling, using electrical contrivance, or other similar practices are not acceptable and are prohibited.
7. Direct criticism or interference with the judge, fair or livestock show management, other exhibitors, breed representatives, or show officials before, during, or after the competitive event is prohibited. In the furtherance of their official duty, all judges, fair and livestock show management, or other show officials shall be treated with courtesy, cooperation and respect and no person shall direct abusive or threatening conduct toward them.
8. No owner, exhibitor, fitter, trainer, or absolutely responsible person shall conspire with another person or persons to intentionally violate this Code of Ethics or knowingly contribute or cooperate with another person or persons either by affirmative action or inaction to violate this Code of Ethics. Violation of this rule shall subject such individual to disciplinary action.
9. The application of this Code of Ethics provides for absolute responsibility for an animal's condition by an owner, exhibitor, fitter, trainer, or participant whether or not he or she was actually instrumental in or had actual knowledge of the treatment of the animal in contravention of this Code of Ethics.
10. The act of entering an animal is the giving of consent by the owner, exhibitor, fitter, trainer, or absolutely responsible person to have disciplinary action taken by the fair or livestock show for violation of this Code of Show Ring Ethics and any other rules of competition of the fair or livestock show without recourse against the fair or livestock show. The act of entering an animal is the giving of consent that any proceedings or disciplinary action taken by the fair or livestock show may be shared with other fairs, livestock shows and organizations of fairs or livestock shows.
11. The act of entering an animal in a fair or livestock show is the giving of verification by the owner, exhibitor, fitter, trainer, or absolutely responsible person that he or she has read this National Code of Show Ring Ethics and understands the consequences of and penalties provided for actions prohibited by this code. It is further a consent that any action which contravenes these rules and is also in violation of federal, state, or provincial statutes, regulations or rules may be released to appropriate law enforcement authorities with jurisdiction over such infractions.

JUNIOR MARKET LAMB NOSE PRINTING INSTRUCTIONS

ALL JUNIOR MARKET LAMB ENTRIES MUST INCLUDE A NOSE PRINT AND SIGNED NOSEPRINT CARD ALONG WITH THE ENTRY FORM.

PROCEDURE

1. Place the nose print card (or blank 3" x 5" index card) on a hard surface and secure with clips or rubber bands. A small piece of plywood or pressed board slightly larger than the card is recommended.
2. Dry the animal's nose with a paper towel.
3. Press a black ink stamp pad to the animal's nose. There must be sufficient ink on the pad. Do not use an ink roller as they leave too much ink on the nose and smear the print.
4. Lightly tap the card to the surface of the animal's nose. Do not roll the card across the nose as that will smear the print.
5. Speed is very important. It works best to have two people taking nose prints, one person drying the nose and another person applying the ink and taking the nose print.
6. Make two (2) prints of the animal on each nose print card. The prints are to be side by side. A separate card is needed for each animal being entered. If using a blank index card, attach the index card with the nose prints to the completed nose print card and write the exhibitor name and DNA ID # of the animal on the back of the index card. Please use only one side of a card for nose prints.
7. Smeared prints are usually caused by moisture on the animal's nose prior to printing. Prints that are not legible will not be accepted.

SALE OF JUNIOR MARKET ANIMALS

SUPERINTENDENT: Brenda Mayberry
AUCTION begins at 1:00 pm, Friday January 1

ELIGIBILITY

1. A maximum of 40 steers, 40 lambs, 40 swine and 15 goats will be sold at the Junior Market Auction. In addition to these maximum numbers, Best Arizona Breed Champions are invited to sell at the end of the Auction.
2. The Grand Champion and Reserve Grand Champion of each species must be sold at the Junior Market Auction.
3. Except for the Grand Champions and Reserve Grand Champions, animals may be withdrawn from the Auction by the exhibitor. Exhibitors intending to withdraw an animal from the Auction must notify that Superintendent by 10:00 am the day prior to the Auction (December 31).
4. Animals not withdrawn from the Auction (declared to sell) are limited to:
 - a. No more than one (1) animal per exhibitor
 - b. Exhibitor's highest placing lamb or hog or goat. This does not apply across species. For example, an exhibitor may sell a 3rd place swine and withdraw their 2nd place goat.

AUCTION SALES

5. **Exhibitors selling animals through the Junior Market Auction will be required to complete an IRS W-9 form prior to the auction.**
6. The Junior Market Auction is a **TERMINAL** Sale. All animals designated for sale must sell in the Auction and will go directly to slaughter.
7. If an exhibitor does not withdraw their animal from the Auction and is eligible for the Auction or becomes eligible for the Auction due to withdrawal of higher placing animals, the animal is required to be sold. Exhibitors with animals required to be sold that do not sell their animal at the Auction may be barred from all future Arizona National Livestock Shows.
8. The Sale Order within each species will be: Grand Champion, Reserve Grand Champion, Best Arizona, Breed Champions, Reserve Breed Champions, and then Class Placing. Priority within class placing will be by breed with the higher number of entries showing then by class show order in descending order.
9. Twenty percent (20%) of the amount of the gross selling price that exceeds market price, as

established by the Auction Committee, will be deducted. These proceeds will cover auction expenses and benefit the ANLS Scholarship Fund.

NON-AUCTION SALES

10. Animals not selected for the Auction can be sold at the market price for the Auction as established by the Auction Committee. A 5% commission is deducted from the exhibitor's sale proceeds for animals sold in this group.
11. **Maximum pay weights as established under the rules of each division also apply to non-auction sales.**
12. To sell non-auction animals, exhibitors must sign consignment sale paperwork in the ANLS Office. This paperwork can be completed **between 3:00 and 6:00 p.m. following the Division Show, but no later than the December 31 (day prior to the Auction). The exhibitor must then give the** consignment sale paperwork to the division superintendent by 5:00 p.m. December 31 (the day prior to the Auction).

SALE PROCEEDS

13. Junior Exhibitors are not paid for animals sold until all debts to the Arizona National incurred by the exhibitor and the exhibitor's immediate family members are paid in full. ANLS may apply sale proceeds to amounts owed by an exhibitor, owner or their immediate family members. If such amounts owed are deducted from sale proceeds, a \$25.00 administrative fee will be deducted.
14. Dockage taken by the packer for carcasses of animals sold will be deducted from the exhibitor's sale proceeds if the dockage is a result of the animal's condition when sold, and not due to unusual shipping losses. The amount deducted from the sale proceeds is calculated by subtracting the docked carcass value from the rail carcass value for like animals sold.
15. If an animal is condemned at slaughter for any reason, the exhibitor will not receive payment for the animal and must accept the consequences without recourse against the Arizona National Livestock Show.

CONDUCT

16. Animals may NOT be decorated with graffiti, glitter, ribbons, bows, articles of clothing or
